This is a clown world indeed. Make so much money for what? To fund 2 golddiggers? A women and the government? Now with this clown virus, the truth is it's over. So much delusion, deception and what not. And these clown people believing everything.

The fools are made leaders, while the truth and honest gets shut. Good honest men can't find good wives. Why? So many less of em exist. What's the purpose of this life? To make money, pay taxes and die? Women are raised to be thots, and show off there bodies, while abandoning faith, and brainwashed by a liberal, clown feminist system.

While men are raised to worship and #believeallwomen and go against there biology to be masculine. In this virus were they are eradicating middle class, and making it hard amongst the people, to a agenda were everyone listens to the rich and the powerful, and obeys them not knowing the true reality behind the scenes of what's happening. It's all too late.

No purpose, no meaning, and just the same advices by people "self improve" like wtf? Waiting for Death is the only way to get out of here.

We Are So Far Beyond Crazy That There Is No Going Back. How do you guys personally Deal With It? Idk Anymore.

Most of us won't have kids. This is a fact. We all know too much. Now what's the purpose Man? Personally idk anymore. I try to do good now and have a positive impact on people.

My wishes of having a wife and kids and all are totally tarnished. Women today? Not worthy. It's all the same man and its really AWALT. Also do any of you really want to have kids in this clown world? Man. Having kids in today's world is like I dont want my kids to be brainwashed by this 7 world. Better than not having them at all.

I can't even sleep at night. You know? I have changed many lives. But deep down I'm in such a state its like idk anymore. You guys know the saying? I'm personally working on 3 things iml and getting that shi done by the end of this year. I don't want to say what exactly but, by end of next year I will be rolling in \$\$.

So money is not a problem. Neither it buys happiness to Me. Idc about Money. I always wanted to get rich only to get a good wife and kids. But after my experiences and all and just accepting the reality of these women, man. While we need women, it's a must but knowing all this, really fks u up from the inside Man.

While I'm so social, and have that affect on people, I want to keep doing good and change lives. But, I'm not inner happy myself and idk man. I do religious things and all and but still. Deep down it's like I'm miserable.

Idk what anymore. I can self improve next level max, my life \$ wise is good and I keep achieving new things. But, you guys get Me? Men's purpose whatever they do is for Women. But when you realize and accept the harsh truth and reality, its like You guys get Me?

My Experiences at Working at A Bar. I Got Many Replies to Share My Stories, So I Decided To Make a Post. Here it Is.

13 February 2021 · /r/MGTOW2 · Archived copy · Reddit

I made this

Comment and many replies came to share my experiences so I'm making this post. Anyways. So back when I turned 18 fresh out of high school, That winter I applied for a job at a pretty high end bar. Suprisingly, I crushed the interview and I got the job. They liked my customer service, and people's skills too much. Where I live, you can legally serve alcohol when you're 18. Anyways. That Job after my ex made me mgtow next level.

I remember first of all the waitresses, and what next level shi they did to get tips. So when I used to be in the back door kitchen, I could hear the waitresses saying " bitc* show him you're cleavage, he seems rich he'll tip you more" and you know what? No matter how good the customers were, they were always saying random shi man with 2 faces. 1 the "lovey dovey face to get tips" and 1 the "after getting til fk you face". Just remember guys the waitresses who smile at you and are so "nice" they behind ur back when they in the kitchen are cursing at you. All that smile and "niceness" is for tips.

And I remember when many customer's who used to come who were women, for their "girls night out" Man. If they even had boyfriends, (when their bfs wasn't there) some used to go home with strangers and random Men for ONS. I remember clearly, overhearing their conversations (bc it was high end bar) they were all mostly well off, So while their husbands were working their ass off, and providing a good lifestyle for their family, these women in their "girls" night out, always used to bitc* oh "he didn't do this and that" always man. Talking trash behind their husbands like... and most of them were educated housewives. It made me realize that, while I work hard to get a good decent wife, is THIS what I want? My wife talking trash behind my fking back, while I do everything for her? I always keep it real. I despise fake Fuvks. Fk them.

Also the dishwasher was a good for nothing loser. Guess what? He was that tattoo guy, with the thug vibes, who the women call "bad boy". While he was only a dishwasher, he was piping all the waitresses. On god. When I used to bring the glasses to him, I remember he used to tell Me, this waitress he fkd, that waitress he fkd and all. Women would never want to be in a long term relationship with guys like him. But they will always fk those kinds of Men. That's a fact. That made Me realize, It's always Beta buxx in the long term, and in short term it's that thug.

And oh ofc the bar fights. It happened only because of 2 reasons. Women or Money. When the guys got drunk asf, and something happened, or someone said some shi about some chick, Damn. I myself had to call the police once, as we were cleaning up, and the guys were going at it like crazy. Guess what? 1 guy revealed because he got so drunk, that he fkd his friends gf awhile back, and when he got too drunk, he revealed his little secret. And then the guy who's gf got fkd by this guy punched him, and a fight erupted like crazy. Very crazy night I remember.

Also women are not only hypocrites to Men, but hypocrites to themselves, and they don't trust each other. Our assistant kitchen manager was a women. And I remember so she was telling Me once "That j***a bitc did this" and when J walked into the door, this manager was like "heyyy how u doing sweetie". They change in a flash. Women are very fake. Not only to Men but to themselves.

There are many more stories, like each day was some drama. Tbh. But this was a main gist of it. That job made me so clever, and made Me realize man Islam says most women will be in hell. No wonder why. It all makes sense. I made 2 good friends from that job, they are all way older than Me. Guess what? They were lowkey mgtow, and knew the reality of the world. Most wisest of people are us. The mgtows. I'm still in touch with them. But this job made me realize f it man. Women change far too easily and Do I really want a wife, that will talk trash behind my back while I do everything for her? F that. I would rather kill myself than any of that. I always tell the truth, even when I lie. But I can't trust women.

I did make great tips still. Like \$200-300 a night on the weekends, on top of my pay. I saved like I think 10ishk

plus in like 3 months from that job. So that was good for a 18 year old. Anyways the experiences there, changed my outlook and I'm very glad I had that Job.

Keep The Knowledge To Yourself. Important Reminder.

15 February 2021 · /r/MGTOW2 · Archived copy · Reddit

I live in the west. In my day to day life, I come across many lefties, simps, feminists and what not. They are so triggered and angry these days that, it takes only 1 word to say to just lose everything. Anything the facts you will say can ruin you're life. For ex fired from you're job, etc. The reality is the world that We live in, and the way it's heading will only be more degenerate, clownier, and foolish. We all are smart here and have logic.

The most wisest thing you can do now is, work hard and smart and make as much Money as possible. I'm talking millions. Do whatever you want, and don't bother anyone, and don't be bothered by these fools. Let them live in their clownery. And Ofc NEVER EVER MARRY. This life is to fkn short. Personally after we are allowed to travel, I'm going to take some world tour vacation. I fkn need to get out of reality.

1 thing I realized now, is that like the old saying "The best knowledge, is the knowledge that is kept to yourself". Act like them. Act like you believe in their ideologies, and just you only know what you really believe in deep down. We will get more cucked by the day and there is no point in talking with foolish people and wasting time.

Just remember this brothers. Most men after their experiences with women, will realize over time that mgtow is the only option. No wonder, like Islam says Majority of Women will in hell. It all makes sense why, after seeing the modern world and reality. There is no gain in spreading all this knowledge, that can ruin your own life. Peace.

Hypergamy Really Doesn't Care Whatever You Did For Her.

16 February 2021 · /r/MGTOW · Archived copy · Reddit

Hypergamy is when women find a good match, she will still delay the marriage to see if she can do better and attract an even higher value man. This is called hypergamy and its a part of female nature. Or if she found a match, it's in her biology to monkey branch to a potential higher value male, while she's "with" you.

The reality is most women think that their uni/college days won't haunt them. But after getting broken by many "Tyrones" used and abused in there uni days and then becoming man hating emotionally broken feminists, she will never be happy. Why? Because she experienced it all. Now her standards are even higher.

Many women simply think they are entitled to top 1 percent of men, because of their beauty. We have many simps who worship them, and many women think that because of only their beauty they will only deserve a HVM. When in reality many of these women lack character, modesty, femininity, nurturing nature and genuine respect for men. The only thing they are bringing to the table is what's between their legs and only their beauty. Other than that? Nothing. Most men cannot see through the beauty. I can. Most men think with their D's. I Don't. Also not talking the respect they have for Tyrone after he abuses them. I'm talking respect in general.

Also why I'm what I am is you see the reality is, their will always be a better man in wealth, status and height. No matter how much you "self improve" there will always be way better men than me and you. All women biologically are attracted to the highest quality male. I'm talking top 1-3 percent men who have it all. (High status, wealth, and looks).

99 percent of women are competing for the top 3 percent of men, and thus no wonder why marriage rates are falling. So men, remember if she's with you atm, your her highest option available atm. The day any higher value male comes along and interests her, she will be gone. You all have to remember 1 thing, Hypergamy doesn't care. No matter how much or what you do for women, she doesn't care. It's in her biology to mate with the highest value male possible that she can find and she will leave you, when she finds someone higher of value. In conclusion it's not worth it.

How many divorces you see that the wife cheated on the husband with someone higher of value she found? Women cannot "love" men unconditionally. Their love is conditional, and depends on what you can do for her. I just say facts. I have analyzed this, seen throughout my life. I don't talk based on random nonsense. I talk based on facts and reality which cannot comprehend and don't have the IQ or the logic to handle. I have a stoic mentality. I accept how it is. Many men can't.

The day you can't, she will be gone. Just remember this. Remember 1 thing. She's never yours. It's just your turn.

Why MGTOW is The Most Logical Option? There is only 1 word. Hypergamy.

Why MGTOW Is The Most Logical Option? Explained in Depth. Must Read for all Men Here. Mgtow is the Only Solution.

21 February 2021 · /r/MGTOW2 · Archived copy · Reddit

You see many of us as we are growing up, it's programmed in our brains by society that, women are "unicorns" and that we will work hard and make \$\$ and then will get a "good" wife and we will live the "American dream" with a nice house and kids and we will all live happily ever after. This is what society tells us. But that's from the truth.

All of us here, who are now MGTOW have a past. Our experiences with women, what we saw in their nature and as we look back now, it all makes sense. This is what us made mgtow for life.

The thing about women is, you can never make them happy. What do I mean by this? The average women in today's world, want's a mix of many qualities of Men combined in 1. What are they? They want a Christian Grey type of man, that will put her in her place, while being overly wealthy and still being a "gentleman" outside, so the whole world knows that he's a "good" guy with status.

Remember 1 thing, women don't care about you. She cares deeply what other's think of her when she's with you. This is for the status type of men aka beta buxx like Doctors etc. But you know what? She will secretly F the "Alpha" on the side as we know as Tyrones etc, because it's in a women's primal instinct to be with those kinds of Men as well.

The saying men can love women unconditionally, while women's love is only conditional is very true. How? If she's your wife she "loves" the provider in you as your providing her with the security and needs. She doesn't love you for "you". How many cases we see women leaving their husbands after he lost his job? Yeah.

And about the "Alpha" men like Tyrones etc, what do women like about those Men? The emotions and feelings they give her. The highs, lows and the unpredictability of those men that keeps the women on toes make her "love" him and keep her around. Remember, she doesn't "love" tyrones for themselves. But, because he is so unpredictable and "great" in bed, this keeps a women on her toes makes her stay with him even if he's broke and has no status. While she would never marry these types of men, most women want to experience those emotions, and tyrones and all do a great job of never giving the validation she craves. So most women in their "hoe" phase after experiencing these types of men get emotionally "broken" and become man hating feminists who want a so called "good and nice" with money who will save her.

But remember her primal instinct will always be for the alpha. No matter how much a "feminist" she becomes or how much a "good" guy she wants, she deep down wants to be dominated only by the alpha. Why is 50 shades of grey best selling book? Because that's what women ultimately want.

In conclusion any women wants a rich alpha that will put her in her place while being a "gentleman" outside the world when he's with her. But bc these men are so few who have it "all", she experiences many types men on the way to get those "feelings" and on the way she becomes a man hating, emotionally broken/damaged feminist.

So what's the solution? Mgtow. I basically simplified the whole "game" for you in 1 essay. Most men will never get it. We do. So the most logical option is going your own way. Women aren't worth it. No wonder many religions say most inhabitants of hell will be women. After seeing modern world amd reality it all makes sense. My own personal experiences have exactly been the way I described in this post. On god.

Now. What should be your goal? Personally mine is to make as much money as possible, I'm talking millions and travel the world, do good and smoke cigars and live the way I want to and die. As a care free bachelor as they like to call. Because what else is there to do anyway? I wanted a wife and kids, but after knowing and realizing the whole game, it's never worth it. My own ego and self respect is far to high to ever "marry". Never. And kids? Raising kids in this ̸ world will be even more difficult than ever. Just go your own way gentleman.

Why Is MGTOW The Most Logical Option? Explained in Depth. Must Read For All Men. MGTOW Is The Only Solution.

But, because he is so unpredictable and "great" in bed, this keeps a women on her toes makes her stay with him even if he's broke and has no status. While she would never marry these types of men, most women want to experience those emotions, and tyrones and all do a great job of never giving the validation she craves. So most women in their "hoe" phase after experiencing these types of men get emotionally "broken" and become man hating feminists who want a so called "good and nice guy" with money who will save her.

But remember her primal instinct will always be for the alpha. No matter how much a "feminist" she becomes or how much a "good" guy she wants, she deep down wants to be dominated only by the alpha. Why is 50 shades of grey best selling book for women? Because that's what women ultimately want and desire.

In conclusion, any women wants a rich alpha, that will put her in her place, while being a "gentleman" outside in the world when he's with her. But bc these men are so few who have it "all", she experiences many types men on the way to get those "feelings" and on the way she becomes a man hating, emotionally broken/damaged feminist.

So what's the solution? Mgtow. I basically simplified the whole "game" for you in 1 essay. Most men will never get it. We do. So the most logical option is going your own way. Women aren't worth it. No wonder many religions say most inhabitants of hell will be women. After seeing modern world amd reality it all makes sense. My own personal experiences have exactly been the way I described in this post. On god.

Now. What should be your goal? Personally mine is to make as much money as possible, I'm talking millions and travel the world, do good and smoke cigars and live the way I want to and die. As a care free bachelor as they like to call. Because what else is there to do anyway? I wanted a wife and kids, but after knowing and realizing the whole game, it's never worth it. My own ego and self respect is far to high to ever "marry". Never. And kids? Raising kids in this ̸ world will be even more difficult than ever. Just go your own way gentleman.

Brotherhood Among Us is Lacking and That's How Men are falling Apart. I'll tell you why. We Must Support our Brothers.

22 February 2021 · /r/MGTOW2 · Archived copy · Reddit

1 thing women are great at is, no matter how much they hate each other and despise each other, they stand up for their "sisters" no matter what. You all must know, deep down women don't even trust each other, (bc they know each other's nature very well) but, if something was to happen to 1 of their "sister" they all stand up for her, no matter what the differences are between them. And if you look at society now, and the downfall of it, why and how? Feminism and all these things came from them all "standing" up for each other. While all that has made it a 7 and a degenerate world, bc they stood up for each other it brought a change. (Bad change and collapse of society but you get Me).

We Men? We are lacking brotherhood more than ever. There is only 2 things that makes men fall apart between themselves. And that is money or women. Many men lose their lifelong friendships, memories, and overall brotherhood only because of these 2 things. It's always since the beginning of time had been women and money.

I've analyzed this too much around Me. Men are simping at such high levels that, 1 girl that gives them some validation, these men are ready to lose everything (friends etc) for her validation. What happens after? They rarely get the girl, or even if they do of couse over time, they breakup and lose both. They lose real friends and the girl itself, and then these men realize and say "damn I lost everything."

No matter what backgrounds we come from, what faith we believe in, what race we are, we all have 1 thing in common. And that is, we all know the game way better than the game itself. (Regarding women and their nature and society itself). And it's our brotherhood that will keep us going and intact and keeping the spirit and all this wisdom alive.

We must never forget to pass down all this wisdom and the real knowledge and wake up our brothers up. A man's life has always been judged on his ability to attract women. This is a fact. Whether it's your career, car, or whatever you do, back of your mind there is always this natural urge of gaining validation of Women. But as you wake up and experience the reality, then you ultimately wake up. Women aren't worth it. It's all the same with all women and it's really AWALT my friends.

No matter how much we know, or anything we are all human. We fall into temptations, and then we need that little wake up call, and that little boost to keep us going and get back into the reality. And that's what we all are here for. To wake our brothers up, and we must never forget this fact. There are only very few Men like us, who know the whole game and it's our duty to keep on doing good, and wake our brothers up. Bc what else is in this life anyway? Nothing. It's too short for all this nonsense. Do what you have to do, have an impact by changing the lifes of others and die. That's it and that's life.

Hypergamy Doesn't Care, Whatever You Did For Her. MGTOW is the Only Solution. MUST READ. The Whole Game Simplified in this 1 Post.

23 February 2021 · /r/MGTOW2 · Archived copy · Reddit

Hypergamy is when women find a good match, she will still delay marriage to see if she can do better and attract an even higher value man. This is called hypergamy and its a part of the female nature and very common. Or if she found a good match, it's in her biology to monkey branch to a potential higher value male, while she's "with" you. Remember gents, while she's with you, her subconscious mind is telling her she can do better than this, and she will consciously be on the lookout for even "better" guy while she's with you.

The reality is most women think that their uni/college days won't haunt them. But after getting broken by many "Tyrones" used and abused in their uni days, and then becoming man hating emotionally broken feminists, she will never be happy. Why? Because she has experienced it all. Now her standards are even higher. Remember gents. To "mess around" a women will never chose the beta buxx Dr Karim. You must all remember this. To mess around, a women will only chose the most thuggest or the most "baddest" boy ever, and after she has had her fair share of fun, she will blame that "bad" boy himself for being "toxic" and she will become emotionally damaged.

While she's in this phase, you must all remember she enjoys se* only with those men. She will participate in all those "feminist" rallies and be the biggest feminist ever. But, after those rallies she will f the same "toxic" male she complains about, bc those are the only types she are attracted to. **Hybristophilia** is very common among women, and these are the types of men she wants only sex with the most. Yes. This is just the reality. Beta buxx, aka Dr Karim is only suitable for her after she had her fun and only wants him for his "lifelong" comfortable income. But deep down she wishes she could have it "all" and this Dd karim would be as the "bad" boy. But you all must remember, she only doesn't marry the bad boy bc they don't stay around or they aren't wealthy or what "others" will think of her if she's with them. So she will f the bad boy on the side and keep it a secret and no 1 will know.

Now, Many women think they are entitled to top 1 percent of men, because of their beauty. We have many simps who worship them, and many women think that because of their beauty, they will only deserve a HVM. (A man who has it all). When in reality many of these women lack character, modesty, femininity, nurturing nature and genuine respect for men. The only thing they are bringing to the table is what's between their legs and only their beauty. Other than that? Nothing. Also I'm not talking the respect they have for Tyrone after he abuses them and puts her in her "place." I'm talking genuine out of her respect for men in general. Even hardcore "feminists" respect a Tyrone after he puts her in her place good. But, genuine respect? Nope. They hate men if that man is providing no value to her. It all comes back down to two which is Money (which beta buxx provides) or emotions (which alpha provides). Other than that 95% of Men provide no value to her.

The reality is, there will always be a better man in wealth, status and height. No matter how much you "self improve" there will always be a way better man than Me and you. All women biologically are attracted to the highest quality male. I'm talking top 1-3 percent men who have it all. (High status, wealth, and looks).

99 percent of women are competing for the top 3 percent of men, and thus no wonder why marriage rates are falling. So men, remember if she's with you atm, your her highest option available atm. The day any higher value male comes along and interests her, she will be gone. You all have to remember 1 thing, Hypergamy doesn't care. No matter how much or what you do for women, she doesn't care. It's in her biology to mate with the highest value male possible that she can find and she will leave you, when she finds someone higher of value. In conclusion it's not worth it.

How many divorces you see that the wife cheated on the husband with someone higher of value she found, or she cheated with Tyrone neighbor, bc that dr karim doesn't give her those emotions like Tyrone and doesn't put her in her place like him? Women cannot "love" men unconditionally. Their love is conditional, and depends on what you can do for her and how you make her feel. That's it.

In the end my friends, For Men like us who are in the middle, who don't worship women, neither we are "tyrone" type abusers, MGTOW is the only way. We don't want to beta buxx either to "save" and marry women. Our self respect and ego is far to great for that. Hypergamy doesn't care whatever you did for her. The day you can't provide her or can't give her those "emotions" she will be gone. Just remember this. Gyow gentlemen, and according to many religions most inhabitants of hell will be women anyways so No wonder.

Why Do Feminists Hate Men so Much? Explained in Depth. Must Read.

25 February 2021 · /r/MGTOW · Archived copy · Reddit

As we all know, feminism and many other "movements" have destroyed this country. Feminism came in the name to "liberate" women, and we see it's affects Now. Whether it is the low birth rates, rise of prostitution, degeneracy, low marriage rates and sleeping around being rampant, all this has done a great job in destroying the base of society which is the Family system.

Feminism despises and hates Men. Yes. How? Most feminists, in this country have been so "liberated" and don't realize that it was their own consequences and actions that have led the downfall of this country. Feminism more than "equality or equal rights" is a movement which doesn't want to take equal responsibilities.

If you even look at the state of the world now, most hardworking labour jobs etc are still done by Men. But, somehow women are most affected? The #1 reason for decline in marriages is lack of "economically attractive" men and while feminism has given women the same rights and responsibilities, when Men and women make the same amount of incomes and whether it's going to school for the same time and what not, most are on the same level. But bc of this, somehow women are most "affected" bc they cannot find economically attractive men. When in reality, in this "equality" that we should live in everything is supposed to be "equal" but ofc it's not.

Feminists, deep down are very broken and have disgust for men, while they still know they need men. Like I said, feminism want's equal rights, but doesn't want to take equal responsibilities. And why are most feminists damaged and broken? They are going guy to guy, monkey branching and "living" it up in the name of "freedom" and then complaining of it's consequences bc of their own actions. You all must remember, women live for the moment. Yes. They are short term and emotional thinkers, rather than thinking logically and long term. Most women their "heydays" are in their youth when they have their beauty. This time around, they are getting all the attention, simps are showering them with gifts and so on etc. She forgets the future. While some men in this period are working hard, to build a good foundation and thinking of the long term goals and overall growth. Women as they age become more miserable, while men as they age become more smarter, successful and wiser.

Women say MGTOW "hates" women. Nope. They only say that bc they cannot accept and handle the facts that are spoken here. We? We talk about the nature of women, our experiences, and choose to walk away and focus on ourselves. That's it. In No way, shape or form we hate anyone. We just warn men to be very careful bc the modern day clownery and marriage/divorce rate statistics, they all don't lie. In my previous posts it got many upvotes and some women commented lmaoo, and said nonsense. After they deleted it, but the reality is they get triggered.

You all have to remember, women are very emotional. And when most women make "emotional" decisions, they are bound to go wrong and regret later on. Whether it was ban*ing that "Tyrone" or cheating on her SO, or making that emotional financial decision, most women suffer later on in their lives. In the present bc so many simps are giving them the attention, and all bc of their beauty, most forget the ultimate reality and live in a delusional fantasy. But, the reality is bitter and most don't want to accept this and No wonder in the end they all say "Where have all the Men gone?" No wonder. Stay woke, stay wise and focus on yourselves gentlemen. That's all.

Why MGTOW is The Most Logical Option? Explained in Depth. Must Read For All Men Here. Mgtow is the only Solution.

27 February 2021 · /r/MGTOW · Archived copy · Reddit

You see many of us as we are growing up, it's programmed in our brains by society that, women are "unicorns" and that we will work hard and make \$\$ and then will get a "good" wife and we will live the "American dream" with a nice house and kids and we will all live happily ever after. This is what society tells us. But that's from the truth.

All of us here, who are now MGTOW have a past. Our experiences with women, what we saw in their nature and as we look back now, it all makes sense. This is what us made mgtow for life.

The thing about women is, you can never make them happy. What do I mean by this? The average women in today's world, want's a mix of many qualities of Men combined in 1. What are they? They want a Christian Grey type of man, that will put her in her place, while being overly wealthy and still being a "gentleman" outside, so the whole world knows that he's a "good" guy with status.

Remember 1 thing, women don't care about you. She cares deeply what other's think of her when she's with you. This is for the status type of men aka beta buxx like Doctors etc. But you know what? She will secretly F the "Alpha" on the side as we know as Tyrones etc, because it's in a women's primal instinct to be with those kinds of Men as well.

The saying men can love women unconditionally, while women's love is only conditional is very true. How? If she's your wife she "loves" the provider in you as your providing her with the security and needs. She doesn't love you for "you". How many cases we see women leaving their husbands after he lost his job? Yeah.

And about the "Alpha" men like Tyrones etc, what do women like about those Men? The emotions and feelings they give her. The highs, lows and the unpredictability of those men that keeps the women on toes make her "love" him and keep her around. Remember, she doesn't "love" tyrones for themselves. But, because he is so unpredictable and "great" in bed, this keeps a women on her toes makes her stay with him even if he's broke and has no status. While she would never marry these types of men, most women want to experience those emotions, and tyrones and all do a great job of never giving the validation she craves. So most women in their "hoe" phase after experiencing these types of men get emotionally "broken" and become man hating feminists who want a so called "good and nice guy" with money who will save her.

But remember her primal instinct will always be for the alpha. No matter how much a "feminist" she becomes or how much a "good" guy she wants, she deep down wants to be dominated only by the alpha. Why is 50 shades of grey best selling book for women? Because that's what women ultimately want and desire.

Some Wise Words. Very Short But Important Reminder.

27 February 2021 · /r/MGTOW2 · Archived copy · Reddit

When a person doesn't need the validation or the attention of others, and relies on his own instinct and the only validation he needs, is his own self. And he doesn't give in to anyone to "fit in" to the bs nonsense narrative of society, that's when that person has truly mastered ghow.

You should never gaf of what anyone thinks about you. People come and go. Never live for the validation or attention from others, as I said, the only validation you need is from yourself. That's it. The people who's attention that you lived for, where are they now? They are long gone. In the end it's only you.

Important Reminder. She Will Never Be Happy With You.

28 February 2021 · /r/MGTOW · Archived copy · Reddit

They will never be happy with you. Women have a corresponding biological drive to have relations with the highest quality man they possible can (for the same reason) and to gain exclusive commitment from that man. She will be never happy with you. There will be always a better man than you whether he has the better car, height, status, money, or anything. The term monkey branching in this context relates to women who money branch from guy to guy due to the hypergamous nature. When they do this, they are trying to find the "best" mate possible.

When they keep on doing this, and are never satisfied, they become very broken, and remember brothers, broken women carry a huge emotion baggage, which you will never be able to fulfill. Why are more than 80 percent divorces initiated by women? Because they have "found" someone better or they were with the "bad boy" and now they realized they want to be with a sensible guy. It all comes back to the same old thing which is many women keep on making wrong choices time and time and realizing when it's too late for them. Why is this?

Allah's Apostle once said to a group of women : 'I have not seen any one more deficient in intelligence and religion than you. A cautious, sensible man could be led astray by some of you.' The women asked: 'O Allah's Apostle, what is deficient in our intelligence and religion?' He said: 'Is not the evidence of two women equal to the witness of one man?' They replied in the affirmative. He said: 'This is the deficiency of your intelligence' ... 'Isn't it true that a woman can neither pray nor fast during her menses?' The women replied in the affirmative. He said: 'This is the deficiency in your religion.' (Saheeh Al Bukhari)

Celebrated scholar Imam Shafi'i said "three persons if you esteem them, they will dishonor you and if you dishonor them they will esteem you : the woman, the servant and the Nabataea." The so-called bad boys or whatever why women flock them? They treat women like garbage. This statement by Imam Shafi'i proves that the more you ignore or dishonor them, the more they come to you.

Women's greatest admiration is validation. When thousands of men validate them, it boosts their ego and pride thus they don't value it. But when a guy does not give her the validation, she will do no matter what to seek his approval and she will chase him. But when the day he simps or gives her the validation she wanted; she will already be monkey branching to seek some other guys validation. Remember this brothers. Stay Wise.

The Sad Reality of A Beta Buxx Husband. How Women Use Sex as A weapon? I'm Glad it Will Never be Me or any of us here.

2 March 2021 · /r/MGTOW2 · Archived copy · Reddit

We all know this and keep hearing time and time that many men that are married aka beta buxx usually have dead bedrooms or lack of sex. What's the main reason?

It's the same thing their wife's say "I had a long day at work" or "I'm not in the mood" or "I'm disappointed at that thing, so I don't want to sleep with you" or "boss said this." Petty excuses. What's the main reason behind these things?

Men because of our nature, it's a biological fact that we want sex way more than women. Women know this very well. And in marriage, when you sign away the contract to being her slave and to the gov what happens is, many women give you the hope to "reward" you with sex, when you do something for her. If you don't do that thing for her, then it's the old "Oh honey I'm not in the mood today" or "long day at work" and just petty excuses in general. So men knowing these games that she's playing, will still fall for these games for "sex" which she's "rewarding" and in many cases not, for being a slave to his master which is his wife.

Women are very great manipulators, and they know how to get it, and when to get it. In many relationships, many women manipulate you with sex because, that's a man's greatest weakness and they know this very well. This just a fact. Any man's greatest weakness is women. If you follow her way then "maybe" she'll reward you with sex. If you don't then, the same old "Honey, boss said this so I'm stressed out and not feeling it" and all those other excuses. Don't be a slave to anyone. Especially women. Following her way, getting manipulated by her, for her own happiness and ego boost and not yours, for the sake of reward which is some petty star fish sex in this context is not worth it. Even if she gives you sex, it won't be with that passion that you want it with. Hence the term "star fish" was created for these women, who remain unmoved and not passionate at all to have sex.

In conclusion men have to remember this. The greatest power she has over you, is not herself. It's what's between her legs, and she realizes that power very well, and she knows it how to use it very well. Even the most strongest of men fall for it. She can use sex as a weapon to get what she wants from you, in "hopes" to "reward" you with it. The sad reality is, for the beta buxxes who married, and signed their life away for no respect, dead bedroom, and kids that don't respect them and a wife that can initiate divorce at any time. It's truly over for them. I'm glad I will never be in that position. Never. So, in the end think with your mind, and not with what's downstairs.

How Marriage Makes You a Loser in the Modern Age? Explained in Depth. Must read for every MGTOW.

3 March 2021 · /r/MGTOW2 · Archived copy · Reddit

In any marriage, no matter how much in "love" you were at the time of marrying, over a period of time any women loses that respect for you in marriage that she once had. Yes. You know why?

No matter how much "alpha" you are, or how much "re illed" you are, or if you are just a plain blue pill simp, she loses that respect that she once had. In any marriage, you as a man are vulnerable 24/7 to her shi tests and anything in between.

It's in the nature of a women to shi test you. They're not competing for the top 3%, they're all competing for the top one period. There is only one alpha male in the community and they all want him.

And you can be sure whichever one gets him is trying to chain him, knock him down a peg, then destroy him to prove he wasn't even the alpha. Yes. It's a losing proposition. Even if you are at the top of the scale they are going to monkey branch, even if you show little weakness. Why is shi testing so common in women? It's wired in their little brains to "test" every male no matter how much she claims herself to be a "feminist" or any of that.

And once that genuine respect she has for you is gone, it's over for you. She will never see you as the same again. And you know what the irony is? No matter how much "alpha" or whatever you are, bc you being with her at all times, make you vulnerable with her 24/7, you can be seen as "weak" anytime no matter how mentally/physically strong you are. And once you are seen weak, remember the divorce proceedings will happen soon.

We men all have emotions. No matter how much a women says she wants a man to "open" upto her that's all bs. Women are logically deficient. They don't know what they want. 1 day they want this, next day they want that, and it keeps changing on their emotions. Never open up to a women. That's the worst mistake you can do. She will use that against you later on, no matter how much she said "oh hunny open upto me." Also, when your married and bc you also have emotions, no matter what you are, you will someday open up to her. You cannot be physically, mentally strong 24/7. And you need someone to open up to, and if you open up to your wife its over for you. Yes gentlemen. This is the reality.

1 of my best jobs that I ever had was working at a bar. The amount of women, who were married that used to come spending their husband's money, and trash talking about them, damn. No matter what you do for her, or how you make her feel, it's in the nature of a women to monkey branch and lose respect for you over time. And the worst part? How much trash talk they do behind their backs. Truly crazy. Some things I still can't comprehend till this day.

They want 1 alpha, then will destroy him and make him "weak" and then jump on to the next 1, and it's a cycle until they get emotionally broken/damaged, and then want YOU to marry her as her last beta buxx husband option. It's the same old cycle gentlemen. There is no unicorn. It's only truly AWALT.

You should not be deceived by her outer appearance... For it is a disease that is ridden with loss.

فَبَحَثْ خَلَائِقُهَا وَفَبَحْ فَعْلُهَا ... شَيْطَانَةٌ فِي صُورَةِ الْإِنْسَانِ

Her character and actions are ugly.. A devil in human form.

تَنْقَادُ لِلْأَذَالِ وَالْأَزْدَالِ هُمْ ... أَكْفَاؤُهَا مِنْ دُونِ ذِي الْإِحْسَانِ

They make you (men) out to be dishonourable and despicable.. Her hands do not bring kindness.

مَا تَمُّ مِنْ دِينٍ وَلَا عَقْلٍ وَلَا ... خُلُقٍ وَلَا خَوْفٍ مِنَ الرَّحْمَنِ

Nor bringing any piety, nor intellect.. Nor character, nor fear from the Most Merciful (Allah.)

وَجَمَالُهَا زُورٌ وَمَصْنُوعٌ فَإِنْ ... تَرَكْنَاهُ لَمْ تَنْظَمْ لَهَا الْعَيْنَانِ

And her beauty is falsehood; manufactured which will perish.. If neglected, no eyes would glance at her.

طَلِبَتْ عَلَى تَرْكِ الْحَقَائِدِ فَمَا لَهَا ... يَوْفَاءَ حَقِّ الْبُعْلِ قَطُّ يَدَانِ

She will eventually forsake maintaining herself.. Then she will not fulfill the rights of the husband.

إِنْ قَصَرَ السَّاعِي عَلَيْهَا سَاعَةً *** قَالَتْ وَهَلْ أُولِيَّتْ مِنْ إِحْسَانٍ

And if her workman (husband) falls short one time.. She says "Have you ever done anything good!?"

أَوْ رَأَمَ تَقْوِيماً لَهَا اسْتَعْصَتْ وَلَمْ *** تَقْبَلْ سِوَى التَّعْوِيجِ وَالنَّقْصَانِ

And if you wish to correct her misconduct.. She objects and does not accept her mistakes and shortcomings.

أَفْكَارُهَا فِي الْمَكْرِ وَالْكِيدِ الَّذِي *** قَدْ حَارَ فِيهِ فِكْرَةُ الْإِنْسَانِ

Her ideas are cunning and malicious.. That would set a man's mind on fire (make him furious and frustrated.)

فَجَمَالُهَا قَشْرٌ رَقِيقٌ تَحْتَهُ *** مَا شِئْتَ مِنْ عَيْبٍ وَمِنْ نَقْصَانِ

For her beauty is a thin layer.. And what's beneath it is full of defects and damage.

نَقْدٌ رَدِيءٌ فَوْقَهُ مِنْ فَضَّةٍ *** شَيْءٌ يَظُنُّ بِهِ مِنَ الْأَثْمَانِ

A cheap coin wrapped in silver.. Is something one would think is expensive

فَالنَّاقِدُونَ يَرَوْنَ مَاذَا تَحْتَهُ *** وَالنَّاسُ أَكْثَرُهُمْ مِنَ الْعَمِيَانِ

But the critics see beneath it, while most of the people are blind.

أَمَّا جَمِيلَاتُ الْوُجُوهِ فَخَائِنَاتٌ *** بَعُولَتُهُنَّ وَهِنَّ لِلْأَخْدَانِ

As for those women with beautiful faces.. They are unfaithful to their families and they have boyfriends (I.e. other lovers besides their husbands).

وَالْحَافِظَاتُ الْغَيْبِ مِنْهُنَّ الَّتِي *** قَدْ أَصْبَحَتْ فَرْدًا مِنَ النَّسْوَانِ

As for the women who protect their chastity in private and their husband's belongings.. They have become those who are forgotten.

[Al-Nooniyyah by Ibn Qayyim]

This is golden. I have to go back and read this every once so often to get in My senses. Gold.

It has been AWALT since the beginning of time. Ofc there were a few rare women here and there. But, that was

Women Don't Want to Grow With You. They Are Waiting at The Finish Line, When You Have it All. Important Reminder.

5 March 2021 · /r/MGTOW2 · Archived copy · Reddit

How many times have you heard women saying, I want to "grow" with a man and help him out in his journey of whatever it is? Of course never.

The reality is, as we all know, women in the modern age want to have it their way In everything. You can't have your cake and eat it. For many men, they are told by society and everyone to "work hard" and be "established." Indeed. But, established and successful for what? For themselves? Nope. Men are programmed from a very young age by society to be a beta buxx and are prepared for it from a very young age.

While you are working so hard, day and night to money maxx, your future wife is getting pounded by broke Tyrones day and night. Yes, gentlemen this is the reality. Women in their youth have everything they need and want, funded by their father's. At this time, she's not wanting a beta buxx husband. Bc her material needs are met. You know what she wants? She want to get degraded by many tyrones and chad's and the whole football team in many ways as possible. Yes. Most men cannot handle this or accept it, but that's what's happening gentlemen.

And you? You are still working your as* off, not for yourself, but rather for your future wife and kids that you think will make your life better. Little do you know, your her last beta buxx option after she got used and degraded by many men, in many ways possible, and now is a emotionally damaged man hating feminist, who wants YOU to save her. Why? Bc you are fully established now and at the finish line, and she's waiting for you there.

And you know what? I don't get suprised anymore, when men on here say, their wife was banging the guy next door while he was working his as* off for family. You see gentlemen, for sex a women doesn't care who she has it with. Why? Bc any guy wants sex with her and she will chose the most sexually capable. But, for marriage? Nope. She will choose the man with most resources and who is most stable In life aka you. Not bc she loves you or anything, nor does she appreciate the hard work you did to get there and on that level. She is just happy she got a "lifelong" comfortable income guy that will provide her with her material needs. For sex? She has the next door neighbor who will bang her for free, while you paid for her in marriage and did everything for that.

Sadly, most men are dumb asf. I blame men. They have given up their principal's, morals, ethics for women and a so called "good" wife. You must acknowledge, if you marry in the modern age, you are nothing but a beta buxx in her eyes. She will lose respect for you in no time and she will fantasize the QB from her university who she fked, while having sex with you, bc she has experienced it all!

Don't lose your self respect gentlemen. These women aren't worthy enough to even spend a single penny on. Work hard, and make money only for yourselves. And with that money, change the life of others who are really and in desperate need so they will actually remember you. Unlike a women, who you can do anything for and if you don't do that 1 thing, she will say "What good have you ever done for me?" Most religions say most inhabitants of hell will be women, and indeed this makes sense now, and no matter whatever religion we are, we all come together in this regard bc each religion has said the same regarding the true nature of women. It all makes sense gentleman. It really only and truly is AWALT.

Tldr; Marriage = nothing more than beta buxx and a slave to her and the government.

What Does it Mean to be Truly Successful in your Eyes.

6 March 2021 · /r/MGTOW2 · Archived copy · Reddit

Now blue pillers might say, how many broads you banged or how much wealth you accumulated is true success. And we all know that is bs. No matter how much wealth you accumulated, or how many broads you banged that doesn't buy inner peace ofc.

But, everyone has the thing that gives them inner peace and makes them really "happy" for lack of a better word. What is it for you? For Me, it's my religion and praying to God and helping others. Bc idk, I always had this deep desire of changing lives and when I have an impact that truly makes Me happy.

And yk what the irony is? These people that I had a impact on will remember Me, unlike your so called wife. Spending money on the people that are in need will give you a greater return (bc they will genuinely pray for you) than ur nagging ungrateful wife. I'm still young and thankfully realized the whole game. But anyway, how do YOU find that true inner peace and happiness?

She Will Make Rules For the Beta and Break the Rules for Alpha. Important Reminder.

8 March 2021 · /r/MGTOW2 · Archived copy · Reddit

6 figures mandatory, need to be "nice" and need to have the "overall" package. Sounds familiar? Yes gentlemen these are the post wall broken women, who are now looking for marriage, and setting up the rules to find a "husband" material guy. But many simps forget something, when they are reading all this and are desperate for these women.

Have you ever wondered why serial killers *for example, even while they have killed* many still get hundreds of love letters while being in jail? Women still flock them, knowing what these guys have done. Why do women go for them? It's always that thug who's banging all the chicks on the street. It's never the highly educated doctor. After getting with these types of guys of course she marries the doctor as her "lifelong" income saviour.

No matter how much feminism mantra they preach. For the right Tyrone/alpha, no matter how big of a feminist she is, she will break her own feminist code. Anyways. The reality is, for many of us it never even started. Many of us here are not simps who worship women, neither we are Tyrone type abusers. We're somewhere in the middle. Women biologically crave total domination. But not from us. Only the right type of Tyrone or Chad which she's attracted too.

Why is 50 Shades of Grey the most popular book with women? Because Christian Grey is a rich alpha who puts her in her place. Also she keeps coming back each time for more and more abuse*. No wonder. This is the type of guy all women go for and crave. The top 1 percent of men. The next 99 percent are "illogical inces" or her last option for many women when they want to marry. If Christian Grey has 100s of women in his harem, she will still stay with him, because he is wanted by other women. As we all know the preselection theory.

And most men don't acknowledge that she got ran through, by the whole football team in her youth aka by the "Alphas." Yes. This is what these "men" forget. You all must remember 1 thing and that is, any woman will break whatever rule she has for an alpha and she will make the rules for a beta, aka when she wants to "marry."

And sadly, these betas are just so spineless, they will marry or get with any woman just for the "hell" of it. Why? Bc out of desperation and neediness. These so called "men" don't value themselves and their self respects. A woman will always break rules for the next door alpha, while she will make rules for the beta and most of these highly educated men and all are beta in her eyes (lifelong comfortable income provider yayy). She will never truly respect him out of love, rather it will be all fake bc of his "income." When she wants to F she doesn't look at your status or income or anything. But when she wants to marry she will look at everything and go above and beyond.

These men marry these women post wall, and barely getting any sex, and working their ass off, only to find out she was sleeping with the next door neighbor. How many stories do you see of it on other subs? It's very common, and most men who were married here, experienced the same. Why? Bc the Doctor did not give her the "tingles" and "emotions" that the next door Steve gave. A very common thing women say is "She would never marry the guy she just sleeps with, but she will only marry a husband material guy." It all comes back to alpha fs, beta buxx. Women love "messing" around with an alpha. But she will only marry beta, and then f the alpha on the side while married, and that's how many divorces happen.

Now what's the take? Be careful and aware. She will never be happy. We have all this knowledge regarding women which is great. But if we give in, our self respects are at the biggest stake. You think she will honor us? Nope. The tyrone who dumped her off the street, she will care more about him than Me. Why? Bc he never gave her the validation or attention she craved from him. Remember, most women have rated their most favorite movie characters being Christian Bale in American psycho, and Christian grey. This says alot itself. In conclusion she will make rules for the men she wants to marry, and she will break rules for next door Tyrone who she just wants to F and who treats her like trash. Then in the end we are supposed to be their saviours. F that. I would rather kms then marry any of these women. Just remember this gentlemen. Value yourselves and your self respects more than _____

anything. Stay woke.

Why Every Man Must Read "The 48 Laws of Power" by Robert Greene.

9 March 2021 · /r/MGTOW2 · Archived copy · Reddit

I made this post [this post](#) last time, and some brothers had recommended Me to read The 48 laws of Power and imo it's 1 of the greatest books of the century. I'll tell you why.

All of us here, who are now mgtow, we know the whole game. Whether it's regarding the true nature of women, society, and how everything day by day will be more degenerate and clown world, most of Us here know it all. Now.

In my last post, I recommended "The Art of War" by Sun Tzu, while this book is very great and talks about many tactics to get ahead in life, it's nothing like in depth of "The 48 laws of Power."

This book is the ultimate book in regarding mastering psychology, and machiavellianism to get ahead in life, and how to win people over by still standing your ground, and getting ahead by any means possible. The greatest power in this life is mastering psychology of people and using it on them, in the most clever way, and in such a way which it only benefits you. Remember, society or anyone, they don't gaf about you. In the end, YOU have to make something of this life and get ahead in anyway possible you can. Because in the end it's just you.

I'm very street smart, learned alot from those guys on how to talk, how to act, how to win ppl over, and how to play the game. But, this book goes above and beyond in every aspect and the examples that it gives are truly amazing.

Basically to give you a decent conclusion, there is alot to unpack, but as man, stay in your limits on whoever you talk to while being mysterious and stand your ground, and walk in silence and let your success make the noise.

When in power, crush your enemies totally, and don't trust everyone, and keep your friends close but your enemies closer, and if not in power, wait and take revenge at the right time with logic. Never be a slave to your emotions.

Also, never appear perfect, rather appear as the mysterious person, bc this gives a great leverage to you, bc people can't figure out your true self.

Also, many other things and this is like my favorite book now. Machiavellianism makes you fked up indeed, but in the end the victory should always be yours. That's it. Society, government, and everyone else is not helping you. You have to help yourself. In the end, It's only you.

Even Chads Aren't Happy in Their Marriages. We Are All Very Lucky.

11 March 2021 · /r/MGTOW2 · Archived copy · Reddit

I was doing my jog today, and there is a elementary school near where I do it. So, as I was running and then walking, I overhear frustration and anger by a guy. He's angry at his wife, bc she was walking slow or something but anyways. Guess what? His wife was looking like his mother. Yes. Fat, and atleast 10 years older, with that bit**y face and a total wreck. And my man Chad looking great for 30s, and fit and well built, and when you see his face, you could just see he's so miserable. The guy has 2 kids, and a fat wife who looks 10 years older, and he signed away that contract to be a slave to her, and the government. How worst can get it?

As I was thinking back, it truly made Me realize, ALL of us here are very lucky. We know the whole game, in and out and we will never play that petty game of so called "marriage." Once you sign away that contract, you are stuck like that guy. She will use sex as a weapon, get fat, and you will be miserable. And I truly feel bad for the guy. He's stuck. If he divorces, she's going to take half of his wealth, and kids, (I live in cuckanada) and the laws all in favour of men. Marriage = over for Men here. I'm serious, just look it up. The peeps here have it worse than the Americans.

This made Me realize, We men as we get older, we become more smarter, wiser, better looking, wealthier, and overall high of status, if we choose to work on ourselves. And women? They are a depreciating asset. Most of them, never worked hard in their lives, got everything from daddy, and then Simps, and they don't know how to manage money. And by 30, most of her youth and beauty is gone. Women are truly effed if they dont marry at the right time, with the right simp to save her. And, once she marries, she is set. Why? The ball is in her court, from the government to EVERYTHING, they all favour the women. Well, I wouldn't be suprised is this Chad's wife pulls a "I'm not happy" and she divorces and the guy becomes mgtow.

You see gentlemen? It's the same cycle for women. Ride the CC in youth with many tyrones who put her in her "place" and then marry a beta buxx to save her, and then get bored of beta buxx and divorce and then go back to the CC to get put back in "place" and then from 40 to 80 they are ALL miserable with their cats and boxed wine and anti depressants.

We are all men after all. The blue pill fantasy is too strong to lure us back in. My mother she's one of the rare women (from back home) she tell Me often, I will be successful In life and get a "good" wife. I always laugh it off. Only if she knew what I knew. It's not worth it gentlemen. There is no such thing as a unicorn. It's truly AWALT and GYOW.

Eye-Opener for Every MGTOW. Must Read.

13 March 2021 · /r/MGTOW2 · Archived copy · Reddit

TL;dr: If you don't have the time to read all the quotes now, at least save this post and read it later.

Note that the book "The Manipulated Man" was written in 1971 by a german woman.

To be clear, I did not write this. I saw this on the original sub, and this is a MUST here. I copied and pasted everything.

The knowledge and info was always out there, but society and people (mainstream) have been manipulated (brainwashed) to such an extent, that they would never acknowledge truth written in this book. I think it's a must-read for every man as it'll lead to a lot of eureka moments and break the shackles that you're chained in due to indoctrination by people who were fooled themselves.

I think that one of the biggest issues is, that humans' ego has become so overinflated during the last couple of centuries that they deny any kind of evidence that does not fit in their world view. They do not understand themselves. Why would they? There's no need, living a comfortable live with no evolutionary pressure to think outside the box. They talk the talk, but don't walk the walk. You've probably seen it hundreds of times: People say one thing, and do another. (Actions >>>> Words) That's especially the case for women who pretend to know exactly what they want. Truth is, they don't. Even on Reddit, it's all just hypocritical nonsense, virtue signalling everywhere. They'll call you names, bully you, check your post history and cherry pick some comment of yours to justify their apparent superiority simply because you believe in something else. We've got facts, books, studies, life experience etc. to provide proof for our point of view, they don't. Aside from that, it's not even our job to convince someone to change. You can lead a horse to water, but you can't make it drink. We're MGTOW, and whatever they may say - it doesn't matter because we reap the benefits from facing the truth while they'll end up hurting themselves a dozen times first before realizing that we're right.

Enjoy.

"It is quite incredible that men, whose desire for knowledge is unbounded in every other field, are really totally blind to these facts, that they are incapable of seeing women as they really are: with nothing else to offer but a vagina, two breasts, and some punch cards programmed with idle, stereotyped chatter; that they are nothing more than conglomerations of matter, lumps of stuffed human skin pretending to be thinking human beings."

"If only man would stop for one moment in his heedless rush toward progress and think about this state of affairs, he would inevitably realize that his efforts to give woman a sense of mental stimulation have been totally in vain. It is true that woman gets progressively more elegant, more well-groomed, more "cultured," but her demands on life will always be material, never intellectual."

"Men seem incapable of realizing that women entirely lack ambition, desire for knowledge, and need to prove themselves, all things which, to him, are a matter of course. They allow men to live in a world apart because they do not want to join them. Why should they? The sort of independence men have means nothing to women, because women don't feel dependent. They are not even embarrassed by the intellectual superiority of me because they have no ambition in that direction."

"She takes care that man is directly trained for a particular purpose: he must work and put the fruits of his labor at her disposal. Woman has had this aim in her view throughout the upbringing of her child, and she engenders in him

a series of conditioned reflexes which cause him to produce everything to satisfy her material needs. She does this by manipulating him from his first year of life. Consequently, by the time his education is complete, man will judge his own value to be woman's estimation of his usefulness. He will be happy only when he has won her praise and produced something of value to her. One might well say that woman becomes a kind of value scale. At a given moment, a man can refer back to it and judge the value or futility of his actions. If he spends any time on something which has no value in terms of this chart, football, for example, he will do his best to compensate quickly for this minus point by increasing his activity on the plus side of the scale – which explains why women do not object too strongly to football or other types of spectator sports"

Yet man is only a tiny cog in a gigantic business machine, he himself being in effect exploited at every turn. When he drives others, he drives himself most of all. His orders are really orders from above, passed on by him. If the men at the top occasionally take time to praise him, it is not in order to make him happy – it is only to spur him on, to stimulate him to greater effort. For man, who was brought up to be proud and honorable, every working day is merely an endless series of humiliations. He shows enthusiasm for products he finds useless, he laughs at jokes he finds tasteless, he expresses opinions which are not his own. Not for a moment is he allowed to forget that the merest oversight may mean demotion, that one slip of the tongue may spell the end of his career.

"Women, on the other hand, need children to justify their laziness, stupidity, and lack of responsibility. Both sexes exploit the child, therefore, for their own ends. Although the whole world is full of half-starved orphans, every couple produces its own brood. Man must have a reason to be enslaved when, later on, his sexual powers have declined, and this reason must also explain his enslavement to a particular woman. This is simple. She is, after all, the mother of his children. Since woman is the excuse for his subjugation, he can have only one at a time (in every industrial society, man is monotheistic – i.e., monogamous); more than one god (woman) would make him insecure, lead him to question his own identity, and throw him back into the state of freedom he is constantly trying to escape. Questions such as this do not interest woman. As she does not think abstractly, the problems of existential anxiety do not touch her. She has no need for a deity to give meaning to her life. All she needs is an excuse for making one particular man work for her long after he ceases to want to go to bed with her."

"This may suggest that women decide in favor of a home and family simply because they love children. But women are not capable of the unconditional love a child should have. This can easily be proved. Women only care for their own children, never those of others. A woman will accept a child who is not her flesh and blood only when she is physically incapable of having her own (and this only after everything has been tried – including artificial insemination by an unknown donor). Although orphanages throughout the world are full of appealing, needy children, and although the newspapers and TV report daily on the number of little Africans, Indians, or South Americans who are starving to death, a woman would rather give a stray dog or cat a home than a deserted child. And yet she pretends to love children."

"Once a human being is free, if it happens to be rather stupid (and women are stupid) it will be quite happy with its freedom and try to retain it. As the unintelligent human being is incapable of abstract thought, it will never feel the need to leave its familiar terrain and consequently will never fear that its very existence might be threatened. It is not afraid of death because it cannot imagine it. There is no need to find a meaning or reason for life: its desires are fulfilled in its own personal comforts, and these provide reason enough for living. Even the need for religion is comparatively unknown to a person of low intelligence and, if it does arise, it is very easily satisfied. A stupid person has an infinite capacity for self-adoration. If a woman chooses to believe in God, it is for one reason only: she wants to go to heaven. And what, after all, is the dear Lord but yet another man who will arrange things for her?"

The situation of the intelligent person, i.e., a man, is very different. At first he welcomes his newfound freedom with a sense of relief, drunk with the vision and perspective of life before him. But the moment he puts this freedom to the test, that is, as soon as he wants to commit a given act which might send him in a given direction, he gets scared: since he is capable of abstract thought, he knows that each of his acts has a series of possible consequences, not all of which can be predicted. If he decides to act of his own free will, the responsibility will be his alone."

"No, one can hardly assume men do all this for pleasure and without feeling a desire for change. They do it because they have been manipulated into doing it: their whole life is nothing but a series of conditioned reflexes, a series of animal acts. A man who is no longer able to perform these acts, whose earning capacity is lessened, is considered a failure. He stands to lose everything – wife, family, home, his whole purpose in life – all things in fact which give him security. Of course one might say that a man who has lost his capacity for earning money is automatically freed from his burden and should be glad about this happy ending – but freedom is the last thing he wants. He functions, as we shall see, according to the principle of pleasure in non-freedom. To be sentenced to life-long freedom is a worse fate than life-long slavery."

"Women live an animal existence. They like eating, drinking, sleeping – even sex, providing there is nothing to do and no real effort is required of them. Unlike a man, a woman will rarely make an effort to get her partner into bed. If, however, he is already there, and she hasn't planned to set her hair or undertake some other form of large-scale beauty repair, and there is no TV program she wants to see, she will not be averse to making love, provided he is prepared to be the active partner. But even the euphemisms "active" for the male partner and "passive" for the female do not conceal the fact that woman allows man to serve her in bed just as he does in every other sphere of her life. Even though intercourse may give a man pleasure in the long run, it is nothing more than a service to a woman, in which the man is the better lover, arousing desire more skillfully, quickly, and making it last longer."

"An only child affords no benefits, only disadvantages. The woman never seems as unprotected and tied to her home as she should be. Apart from that, something might happen to the child, possibly when the mother is past child-bearing age. Then she would have no excuse left for having things made comfortable for her, and her husband would have no reason to go on working for her alone. Also, an only child has no playmate, and the mother would have to play with him; if there is anything a woman loathes, it is having to play with children. Children are curious about absolutely everything, but a woman has no interests at all except the few idiotic forms of entertainment offered by her house and her own body. With the best will in the world, it is difficult for a mother to enter into the adventurous world of a child. She may have a small repertoire of insipid stock phrases to amuse a toddler ("look who's coming now"), but by the age of two a child has started to think for himself and woman is left behind. The cliché about the common interests of father and son (father cannot stop playing with his son's model railway) cannot be applied to mother and son, or even to mother and daughter. If a woman makes an effort and spends half an hour playing with her child (more might stunt its mental development), she tells the whole world, as if it were a great achievement, which of course it is, in terms of self-denial."

"Several children, on the other hand, can be trained by emotional blackmail. As they are all dependent on their mother's approval, she has only to show a slight preference for one and the others will do anything she tells them to. Every child lives in constant fear that its mother will "withdraw" her love and give it to someone else. And if this fear does not create affection between siblings (as if woman would care!), it at least increases their competitiveness and performance. Even later, when the children have long since grown up, they will still vie with each other for their mother's respect. The sons satisfy their ambitions in their work, the daughters in the amassing of property."

"A man could, of course, condition his sexual needs as easily as a woman, provided his training started at a very early age. Sufficient proof of this are the monks, the majority of whom survive without sexual satisfaction (nobody will seriously maintain that they are all eunuchs). But instead of learning to suppress his needs, a man will allow them to be encouraged whenever possible – by women, of course, since their interests are mainly directed toward man's libido."

"A woman does not want to stay at home just to rest (what has she, after all, to rest from?) – but she is addicted to pleasure, and she needs time for her pleasures. And what are they? Baking cakes, ironing the laundry, making clothes, cleaning windows, curling her hair, painting her toenails, and sometimes even – and we will come to this later – doing a little shorthand and typing. And just to make sure that no one recognizes the fact that for her all this is pleasure, she calls these pleasures "housework." She is only indulging in orgies of "personal hygiene" to please her partner. And if one of her silly little pleasures is to sit at a desk in an outer office, translating ready-made thoughts (ready-made since they are provided by professional men) into a visual medium, well, let her call it "stimulating mental work.""

"Not even psychologists can grasp it, although they spend their lives studying the female mind. Being men, they must find it more interesting than their own. But it would never occur to them for a minute that woman's so-called psyche is unfathomable merely because of the absence of intelligence; that feminine work appears unattractive to the male only because he is incapable of imagining the required degree of stupidity necessary to be able to enjoy it."

"Most men will never admit the depth of their wives' stupidity. They agree that women are not terribly clever, but grant them "intuition" or instinct instead. And they like to call this a feminine instinct as opposed to that of an animal. Unfortunately, this famous feminine instinct is really nothing but a euphemism for statistical probability. Women interfere and give opinions about everything, and, since they are so stupid, they don't realize that they are making fools of themselves. According to the law of averages, their forecasts will be correct now and again. In any case, most of their predictions are negative or vague. Banalities such as: "It can only end in disaster," or "I'd steer clear of that, if I were you," or "Your so-called friends will only let you down in the end" are meaningless. Anyone would be safe making such generalizations. And if, occasionally, women do see more clearly than men, it is only because their feelings, unlike those of men, are never involved."

"Women's stupidity is so overwhelming that anyone who comes into contact with it will become, in a way, infected by it. That this is not obvious is solely because everybody has been exposed to it from birth and, as a result, has become inured to it. In previous years men either ignored it or believed it to be a typically feminine characteristic which harmed no one. But with the increase in leisure and money to spend, woman's need for entertainment has grown. Consequently, her imbecility is spreading into public life as well, reflected not just in vases, bedroom pictures, brocade curtains, cocktail parties, and Sunday sermons. The mass media have become more involved in it. Women's programs are gaining ground in radio and television. And even respectable newspapers print society gossip, crime features, and fashion news, horoscopes, and cooking recipes. And women's magazines become every day more numerous and sumptuous on the stands. Step by step, not only the private sphere of men but all of public life has become infected by this stupidity."

Thanks for reading.

Mastering Stoicism Will Make You The Ultimate MGTOW. Must Read.

14 March 2021 · /r/MGTOW2 · Archived copy · Reddit

Now first of all, what is stoicism? Stoicism is the endurance of pain or hardship without the display of feelings and without complaint.

Most of us, I bet have heard about 3 famous Greek Philosophers. Aristotle, Socrates and Plato. But, I want to talk about stoicism because alot of people don't know about it, and many confuse it with being emotionless or numb. Nope. That's not what stoicism is.

Stoicism is a philosophy which was invented in the early 3rd century. Combined with MGTOW it can lead a very incredible and a positive life. It allows you to minimize negative emotions and maximize your gratitude and joy.

There were 3 stoic principal leaders: Marcus Aurelius, Epictetus and Seneca.

Number 1. Emperor Marcus Aurelius was a big adherent of stoicism and it helped him lead Rome for 2 decades. He wrote many things regarding stoicism in his journals. Stoicism gave Emperor Aurelius a huge advantage in life and in his kingship. He lead Rome through many disastrous battles, plagues and many hardships. But, he always kept his cool and he never was negative. He took whatever came at him, in a very stoic and positive way with the right Mind set.

Number 2. Epictetus was born a slave. He founded his own school of stoicism and thought many great minds, and 1 of them was the future emperor Marcus Aurelius. Epictetus thought everything, not just theoretical, but everything from the the philosophy of life, how to handle different situations that we are faced with each day and greatly, how to master stoicism in your day to day life to keep you calm and at peace.

He thought us that all external events are beyond our control. We should accept everything that comes to us calmly, because that thing is not in our control. But, however each individual is responsible solely for their own actions. We cannot blame society or anyone else regarding our own decisions that we choose to take. Each individual is responsible for whatever they do that is in their control.

Number 3. Seneca was play writer and 1 of the Romes most wisest broker ever. He wrote many books on stoicism and was an adviser to Nero (Roman emperor).

Key principles and beliefs.

Number 1. Live in agreement with nature. We men are rational being. We use our common sense and logic and practicality in day to day situations, rather than basing everything off of emotions like women. "Living in agreement with nature" simply means behaving rationally in each and every situation like a human. Not base anything off of emotions.

Numer 2. Live by virtue. They make possible ease, self-mastery, and joy in leading a morally good life." The four cardinal virtues are prudence, justice, courage and temperance.

Number 3. Focus on what you can control, and accept what you can't. Many things in our day to day life is in our hands that we can control fully. But, many things aren't. Whether it's the whether, nature of women, politics, or the clown world, nothing of this in our control. So we shouldn't worry. We should accept how it is, because even if we worried, what can you do about it? Nothing. It's not in our control, but what's in our control is GYOW and leading a virtuous life, which focuses on ourselves, and does better for humanity.

Number 4. Distinguish between good, bad and indifferent things. You must acknowledge in your day to day life between what's right and wrong and indifference doesn't mean coldness. You can't change them (AWALT) but take them as they are.

Number 5. Take action. The power to shape your life in whatever way you want is in YOUR hands. Take this

opportunity and take action, and do something positive with it that will benefit you.

Number 6. Practice Misfortune. Ask what can go wrong. For example, if someone was to smoke all their life, what would happen? Lung cancer and many types of diseases and cancers. So what we do? We tell them not to smoke bc the consequences of their actions will nothing but harm them. Exact thing We MGTOWS do. We tell each of us and remind ourselves of the consequences of marriage by saying "Never marry." Why? Most of us here know the whole game in and out, female nature and everything in between.

Just imagine if the divorced men here whose wives made their life's miserable were to have all this knowledge? They would have been way happier and never made the mistake to marry. And now, they live in regret but atleast they realized it. We have to make our brothers aware and make them wake up before it's too late. A famous saying goes "Iron sharpens iron, so 1 man sharpens one another."

Number 7. Add a reserve clause to your actions. Happiness is not found in being very rich or having that very expensive car or that big house. That "happiness" fades away very fast. Winning is the not the ultimate goal, rather the ultimate goal is being the best player, and playing the best you can, which ironically will lead to your win. Be the best you can, and it will do you good. It's the base. Rather than only thinking of winning and drowning in self confidence which in the end does more harm than good. It's good to have high self confidence and ego, but always remember to be in limits. Your victories and over confidence can lead to your destruction.

Number 8. Love everything that happens (Amor fati).

Now let's say something happened that we didn't wish for. What would happen? You either accept it or live in negative thoughts, which affects your mental health. What's the more wiser option? Accept it. Stoicism calls this "The art of acquiescence." The first step is to accept it, and then the next step is to love everything that happens. Why? Because those things ultimate are not in our control.

Number 9. Turn Obstacles into opportunities. You know why most people are always negative? They see obstacles as barriers and live in this deception that they cannot overcome it. There are many instances in life that you can turn those obstacles into opportunities for your own success. But you know what the catch is? Being stoic, and thinking everything through from all fronts and then analyzing everything and then coming to conclusions will lead you to success which many cannot do. Most people are a slave to their emotions, and never be that. Be stoic.

Number 10. Be mindful. In this life, you have power over your emotions no matter what those emotions maybe. You must remember, any emotion that you get, will either do you good or bad. 1 of my favorite sayings of all time is "Before thinking of a short term gain, first think of it's long term affects." You must master the art of controlling your emotions and being practical and logic no matter what. And rather thinking of the short term gain, think of the long term affects of that action. And be stoic when that thing is not in your control or hands.

In the end brothers, it's truly AWALT and that is not in our hands. But what is in our hands is, how we accept it. And the best thing a man can do in the modern age is GHOW, do good in whatever he can, and master stoicism in everything in life that comes at him. Just accept how it is and go MGTOW and your own way. When you realize the true female nature, the best thing a Man can do is be stoic. That's it.

Now. Some famous stoic sayings:

The best revenge is not to be like your enemy. - Marcus Aurelius.

Waste no more time arguing what a good man should be. Be One. — Marcus Aurelius

You could leave life right now. Let that determine what you do and say and think.—Marcus Aurelius

He who fears death will never do anything worth of a man who is alive.—Seneca

Life is very short and anxious for those who forget the past, neglect the present, and fear the future.—Seneca

You have power over your mind — not outside events. Realize this, and you will find strength.—Marcus Aurelius

Wealth consists not in having great possessions, but in having few wants.—Epictetus

True happiness is to enjoy the present, without anxious dependence upon the future, not to amuse ourselves with either hopes or fears but to rest satisfied with what we have, which is sufficient, for he that is so wants nothing. The greatest blessings of mankind are within us and within our reach. A wise man is content with his lot, whatever it may be, without wishing for what he has not.—Seneca

Indeed.

In The Modern Age Marriage = Lifelong Comfort Only For the Women.

21 March 2021 · /r/MGTOW2 · Archived copy · Reddit

The red pill is everywhere and it's the Ultimate Pill every Man has to swallow and Master to the finest. The amount of men that are miserable in marriage is actually crazy. I was buying something, and I overhear a couple in front of Me. Guess what? She was unhappy and complaining that her husband didn't buy her the clothing she wanted. And she was overweight as well nothing special with this attitude. Ahhhh, When I see that and I'm like to Myself. This guy will be red pill'd hard soon.

Remember gents society has programmed you to worship a woman. Make her happy only. Not you. No 1 cares about your side of the story and it's all about her. Her feelings. Her "happiness." While you? You're working like a donkey to provide her only for her to complain and monkey branch. Women can never truly be happy. It's not in their nature.

The most brutal red pill for Me to swallow was when I recognized and realized, any woman can never love any man for him. Only 2 things. Emotions = which Alpha provides and material needs which Dr Karim (aka beta buxxx) provides. And if you look around you in marriages and all that is truly the case.

Women are biologically programmed to be selfish and only care for their offspring. We all know this. She chooses only the man that she deems that will "protect" her offspring, and when you don't live up to her standards, she simply monkey branches to higher tier Male. And in today's day and age where there is a never ending supply of simps and what not, guess what? She has many thousands of guys in her dms! When women are exposed to everything and all this clownery, you can never truly make her happy. 1 day she says "I'm not happy" and you are gangbanged by her and the Gov. The modern laws all favor the women. We see this time and time, and many previously married men clarify this. After she gets divorced she has a line of simps to choose from. While you? You are truly miserable. Never make that mistake in the first place.

And you guys who say, oh "chad" "alpha" you all must acknowledge she's only with them for the tingles. Real Chad's and alphas never stay around or she never marries them. She's only with him for tingles. That's it. You all must realize this.

Whether it was Dr Dre, or any HVM that got divorced, they had everything. Looks, wealth and status and what happened with them? And if that can happen to them, just imagine for men like Me and you. The red pill is everywhere. Only difference is how you take it, and when you Master it, it's the same old game over and over. Even Brad Pitt who most women would die for is getting #metoo'd now.

Why Every Man Must Read "The Richest Man of Babylon" by George S Clason?

22 March 2021 · /r/MGTOW2 · Archived copy · Reddit

This book now is 2nd top on My book shelf only after "[The 48 Laws of Power](#)"(imo greatest book of all time) and this a 1926 book by George S. Clason that dispenses financial advice through a collection of parables set 4,000 years ago in ancient Babylon.

What this book shows you is to get truly wealthy, the formula has always been the same since the beginning of time. Arkad the fictional character in this book advises the 2 gentlemen who come to him and he instructs them "paying yourself first", "living within your means", "investing in what you know", the importance of "long-term saving", and "home ownership" and "acquiring knowledge and wisdom from wise people" will only make you truly wealthy.

Not working in "some" company and being a wage slave forever. Nope. Work in that place only for time being, save, save and save and invest only on sure things (take risks when needed) and then when you are making more from you're investments than you're wage job, quit that job and ALWAYS be humble. Arkad was always humble, very generous and the wealth and power he had, never got to his head. He was always kind but never a pushover and he was truly wise. Most people's cause of destruction is when it all gets to their head and they think their "invincible." Never forget you're struggles and humble beginnings.

Most of us here were born to middle/ lower class families and we weren't born into wealthy households. And 1 thing we all have in common is, we recognize the value of hard work and the value of a dollar. Unlike the people who are born into wealthy households and who are given everything in the plate and are born with a silver spoon (people who are born in rich households) and they don't know the true value of starting it all the from the beginning to get to that point. We are blessed in that regard. You know why?

If we choose to sacrifice and work really hard to get to that point, we will always value even a dollar. Why? Because of our humble beginnings and we truly know the value of hard work and labour. The past struggles will always keep our ego in check, and you must always remember, there will always be a person wealthier than you. So never let it all get to you're head and think you're "better" than everyone.

Anyways. Arkad first advises to "paying yourself first" meaning saving. Why? In order to invest or anything you must first have money for that itself. And how do you get that? By saving every month from you're paycheck and "paying yourself." And then Arkad advises "live within your means." Many of us buy things that we don't need. Whether it's those extra shoes, clothing, or that newly financed car which we dont even have the payment for next month, we always buy shi that we wont need. Don't waste your money. Every dollar saved is a dollar earned. Live within your means and always pay it off if buying on credit to keep your credit score excellent. Don't buy unnecessary stuff that you don't need as you're gaining nothing and it's a depreciating asset. Don't give a F what "people" will think. People can go to hell. Live smart for yourself.

Then Arkad advises, "investing only in what you know" what does he mean? Many people see random investing trends/ads and jump on the bandwagon only to lose everything. Why? They never did their research or due diligence. Arkad is simply advising to invest only in what you researched in and did DD in. Otherwise, you will lose most likely in things that you invest in which you know nothing about.

Arkad then advises to "own your home" and this truly is a great advice. When you rent, you are paying off someone else's mortgage. When you own your own home, over time it will increase in value (bc land is only so limited) and it will be yours! If you strive to pay it off fast then no 1 can take you out of you're house and you will never have to worry about things like rent/mortgage or any of that. And you can take equity of that house anytime you want. And always make your investments work for you in the long term. Create so many running streams of income that, as you get older your money will be working for you rather than you wasting time and energy into working for money. When you're in this stage you will have all the time and freedom in the world! Why? Because you're money is working you. Via running income from your investments.

And lastly he advises "strive to become wiser and more knowledgable." Indeed. What's the difference between you and the person who was born with a silver spoon? The guy with the silver spoon never had the experience and knowledge to get anywhere, bc everything was in given in plate to him. But you? On the way of becoming financially free, you have experienced so many things, acquired so much practical knowledge, that you are ahead of many in experience and true wisdom. Knowledge is wisdom and wisdom is power. Why? To get anywhere in life first you have to be knowledgeable, and then wise and have that intellect and then only you can succeed in your endeavors.

This book is 1 of the most practical books in regarding how to be wealthy and it emphasizes on all key points. The formula was the same even ages ago. Save, invest, don't spend on unnecessary things, acquire experience and knowledge, don't show off and always be humble. It's a MUST read.

The #1 Reason For Declining Marriage is "Lack" of Economically Attractive Men. Why is this the Case? I'll tell you.

23 March 2021 · /r/MGTOW2 · Archived copy · Reddit

Mods, I have provided all the sources down below regarding you're rule #9.

Anyways. First of all, all men must acknowledge that in the modern age everyone is making usually the same. Many go to university and colleges and get their degree and make the national average. While most men keep and multiply their wealth, women still only get wealthy by 2 things. That is through marriage and divorce or they inherit their wealth from their fathers. (I will put sources down below).

When a man and women is making the same, a women is biologically programmed to go for a man who is making more than her and who is more higher of status. This is in their biology. Ironically, when 95% of men and women, when they are making the same, women only then go for the men who are in the top 5%. Hence the 90/10, 95/5 rule come into play. 10% of the men get 95% of the women.

But you must understand, rich men don't make her wet. When a women see's any rich or resourceful man, in her eyes it's (Yess lifelong comfortable income guy). Only an Alpha makes her wet. By you driving the best car, and whatnot is making yourself look like a fool with a badge that says "I'm a beta provider, pick me." Of course why wouldn't any women pick you? You're a Simp and women love using you and extracting resources, while she will be giving herself away for free to the alpha.

A women wants many qualities in a man. She wants him to be an rich Alpha that will put in her place, while being a "gentleman" on the street so "people" can say look at that happy couple. But little do these beta provider men know that, back in her university years, she was giving herself away for free to the Football QB and what not. All the Tyrones/Chad's degraded her for free in many ways possible, and she loved it at the time. Now as she looks back and she regrets it, and bc she is alpha widowed, she hates all men and blames all men for her own mistakes. Alpha's get what they want from a women without providing anything. They don't care. They want to pump and dump and they are the most based. While a women knows that this guy will be unreliable, she still will stay with him in order to "change" him. But he will never change. They dont stay around.

Women are biologically attracted to unreliable, unpredictable men. It keeps them wet. You really think after she has experienced an Alpha, she will be happy with a beta Dr Kareem who is boring and very predictable? Nope. She will be drier than the Sahara Desert. The next door Steve who's mowing the lawn and who doesn't gaf about anything, will make her wet. And what happens eventually? While the Beta Dr is providing her, she is effing next door Steve, and still getting her material needs met by the Doctor. That's why, no wonder red pill emphasizes women are no more useful than to pump and dump, while mgtow says because you know the whole nature of women, it's not worth it so GYOW. And I stand by the latter. To get any women time, energy and resources are wasted. So it's not worth it.

All men must remember in the modern age, marriage = you are a beta and the statistics show this itself. Women are golddiggers and will make the rules for a beta while, they will only get wet for an Alpha. They make the rules for the guy they want to marry while, she was happily giving herself away for free and was getting degraded in many ways possible to the Alpha in her youth. Marriage is a joke in the west. Women can never be truly attracted to a "beta buxx". While she's having sex with him, you know what gets her off? Thinking about that QB she fked from university who degraded her In all ways possible. While this beta thinks she's "pleased" with him. Brutal for these guys.

And we are the most smartest men here. These simps and beta will never get it. To Master female nature and to truly become redpilled, 1 must experience female nature. Whether it was Roosh V or any of the original red pillars, these guys Mastered it all, and work the rules in their favor. While the beta is paying for her, after guys like Roosh got her in her best years for FREE! Red pill is the ultimate pill and every man must Master it. Alot of women secretly lurk these subs. You know why? Because they are truly amazed at how some guys know their whole nature

and they can't help but agree with all these posts bc it's such facts. They all secretly lurk these forums. And you want to know something? Any women, will never truly be happy with a beta buxx. Whether he's very wealthy, or anything, it doesn't truly make her wet. What really makes her wet is the tingles and emotions that Alpha provides her.

In conclusion all men must remember, never ever marry. You are seen as beta in her eyes. She's not attracted to you at all. She's only attracted to the lifelong comfortable income you have and because you are a stable man. She doesn't get wet for you, like how she got wet for her exes. But you? You think she "loves" you. She will only truly have feelings for the unreliable, unpredictable men who treated her like trash in the past. Not for you. Those guys only truly make her wet. And again, going back to the title of the post, women base their marriage partner off by his income, but not for anything else. Marriage is only beta buxxing in the modern age.

Legal Marriage Takes Away A Man's Greatest Power. Which is...

25 March 2021 · /r/MGTOW2 · Archived copy · Reddit

The power to walk away. Mods regarding your rule number 9, I have posted all my sources below.

Anyways. In the modern society which worships the women, combined with all the simps and lawmakers that all favour the women, when it comes to marriage, a Man is truly fked if he chooses to sign that contract. In a time, were women initiate 85% of all divorces and it all just takes her to say "I'm not happy", for a man to lose everything. Prenups these days are no more worth than toilet paper.

In a society, which makes the man responsible for everything, whether it's for her "happiness" for her "pleasure" and a foolish society that praises sayings like "Happy wife, happy life" it's truly over for a man once he signs that contract. Everything is regarding her, not you. My brothers, once you sign that contract away to the government and herself, they have a hold of you on a leash. No matter how much "frame" you have or whatever, it's in the nature of a women to never truly be happy and hypergamy doesn't care. So called "frame" can vanish over time, you can lose your job but you want to know something? Female nature has never vanished. It has been the same since the beginning of time. Whether it's Hypergamy, Alpha Fs beta buxx, bait and switch or her changing over time, this all has existed since the beginning of time.

In the modern marriages, she has all the leverage in the relationship. What do I mean by this? The government and everyone is on her side! And you? You're the guy that will get cucked. The divorce rate now is over 50 percent. Infidelity is at an all time high. Most of the modern women have been Alpha Widowed In their youth and have been with many men and then want YOU to marry her as she see's the "good" guy in you. You want to know something?

Even if you have all the frame in the world, or anything, she will never truly be happy with you. Because she has experienced it all. A women never forgets her first love, and the first ones usually are the guys who treated her like trash. She still remembers them while you think she "loves" you. She only married you because you were the "safe" option. If she cheats in the marriage, and doesn't give you you're right of sex, or anything, there will be no consequences for her. Even if she cheats, your at fault, and the cucked government will make you pay child alimony, give half of your assets to her and destroy you. Anything she does society rewards her and does not make her realize the consequences of it, while only you get fked in the end. Is this what you want gentlemen?

The modern women never marries the Chad or an Alpha. She only marries a guy that she can manipulate easily, and use sex as a weapon to get her material needs met. She will use sex as a weapon to her husband, while she gave it for free to all the "bad" boys in college and got ran through more times than the Holland tunnel. Gentlemen, a women can never truly be happy for whatever you did for her and how you made her feel. The average women these days, just simply has too many options and she can choose to divorce easily while having no consequences and them proceed to jump on to the next guy. Is this what you want gentlemen?

You can never truly impress a women. Even if she was impressed by you, she gets bored over time and in any marriage she will easily be bored. A man can love a women unconditionally. If you lost your job or didn't give her those "feelings" she will go out and look for other men to gain that emotional/material "support." In a world full of simps, even the most fat women have a line of men they can F and use and consider themselves entitled to it. Women simply have too many options and any man can never truly please her. Even if he did, and if she found a better option, she will leave him just like that. Women don't care about you or your struggles. It's all about "her" and when their daddy (the gov) gives them all the rights with no consequences, marrying = truly over for a man. How many women talk trash about their husbands behind their backs? I've rarely ever seen a women speaking good of her husband. It's always nagging and complaining and like I said, a women can be never happy. They are all emotional. 1 day she loves you. 1 day she despises you and it only take her to say "I'm not happy" to initiate a divorce and to ruin your life. It's crazy man. When you marry you lose the greatest privilege and that is to walk away. It's truly AWALT.

Women Simply Have Too Many Options These Days and The Bar For Men Will Only Be Raised Higher.

27 March 2021 · /r/MGTOW2 · Archived copy · Reddit

Mods regarding your rule #9 I have provide the rights sources.

Anyways. Just imagine yourself that you were a women for a sec. Not even like a very hot women, but just average looking and plain women, and you downloaded a dating app and in just couple hours you got hundreds of matches. What would happen to you? Your ego would go through the roof and if you were say a 4, you will automatically think you are an 8 and having all those simps messaging you, you will think because so many men want you, you're entitled to only the best man. And you know what's happening?

Even the fatties these days are having hundreds of matches, and plus all the attention they are getting by all these men, day and night plus all the validation and likes on social media, every women think she's entitled to a HVM. Aka a man who has it all, which is a man who is 6 ft plus, who is wealthy and who has high status. While ironically, most of these women have nothing to offer except, with what's between their legs and which has been used by many men, and now she thinks she's only entitled to a HVM because of all the attention she receives. Only because of this, their egos are so inflated and their standards are very ridiculous.

Women simply have too many options these days. So many thousands of men are validating them, day and night and plus on social media, that all women think they will only get the most "HVM." And what's happening? Even if they do get a HVM, there are still so many options that, she can get a better man than the man she's with, and she can leave anytime with no consequences. And of course, we all know it's called Hypergamy and it's more rampant than ever in the modern age. Hypergamy, can come into play anytime as we all know, most modern women get bored very easily, and a man has to act like a clown to keep entertaining them and to keep her "happy." And if you can't, guess what? She can download any dating app, and get thousands of matches and pick and choose the most HVM from those options to monkey branch to. And women as we all know, don't care. Hypergamy doesn't care whatever you did for her, the past and anything. They simply leave like it's nothing.

And as society "progresses" the bar for a man will only be raised to even have a chance with women. That 6ft will turn to 6 ft 5, that 6 figure income will turn into millions, and you will have to be known like no tomorrow to even get a "chance" with her. While her? She got nothing to offer except with what's between her legs and which has been ran through more times than the Holland tunnel. And society will only keep worshipping women, and make her more entitled to everything, and give her the false perception that she only deserves the best while having nothing to offer. So what's the best thing a Man can do in the modern age? GHOW.

Women Only Want A Huge Wedding. But She Doesn't Want To Be A Wife, Neither She Know's It's Duties and Responsibilities.

28 March 2021 · /r/MGTOW2 · Archived copy · Reddit

Mods I have provided sources for rule #9.

From a young age when a girl see's Cinderella or whatever and all those fairytale movies, they are programmed to want to get married. And as she's growing up, all women have a desire to get married indeed. But what many don't know is, she only wants to get married but she doesn't know the responsibilities of a wife and a mother. What do I mean?

All women want a big 100k wedding with all the extravagance and what not, and this is in their fantasy from a young age. But these same women, don't have any qualities and neither the characteristics of a good wife. They don't know how to properly submit, how to raise kids, how to respect, how to not complain and nag on every little thing and most of them don't know how to cook and clean. But you want to know what they know? How to drain you're credit card and how to get you to pay for that huge wedding. Women submit indeed. Yes, but to who?

While she's married, rather than looking great and being dolled up for you, she's being dolled up for her work only, and to receive all the attention there. Rather than submitting to you, she's submitting to her boss at her work. Rather than respecting you, she's respecting strangers and complaining about you behind your back. Rather than being nice and caring for you, she's caring for her co-workers and outsiders and neighbors. She wants to "please" others while being married with you. How many cases you know like this?

And when she comes home, what's happening? She's tired and uses the same excuses and doesn't give you, your right of sex and even if she does, she uses it as a weapon to get her material needs met and gets what she wants from you. While, she's so dolled up only to receive attention from outside strangers rather than your own validation. She doesn't want to cook, clean or anything, and she wants to put the kids in day care, and still wants to work, while wanting you to "man up" and pay for everything. While she is living in your house, but pleasing strangers rather than serving and making you pleased. As the old saying goes "To win a man's heart, keep his balls empty and keep his tummy full." Basically provide him endless sex and cook for him and of course look good for him. That's how easy it is for a woman to win a man's heart, but the modern women, only want to win others over, and neglect the rights of husband, making herself miserable and him miserable. Because no one will care for her as the husband, and most of these women after getting divorced realize it too late after getting kicked to the curb by everyone.

The reality is gentlemen, the modern woman has nothing to offer. Can't cook, can't raise kids properly, and with their sjw attitude and ideologies, and endless nagging and complaining (as no man can ever make her truly happy) it's truly over. Like seriously, if you think about it the average modern woman has literally nothing to offer except long list of demands and nagging, and with hypergamy being so rampant, she can simply walk away anytime with no consequences. She wants all the benefits and privileges of marriage, but she doesn't want to provide the duty of being a wife.

Eventually, Every Red Pilled Man Will Go MGTOW.

29 March 2021 · /r/MGTOW2 · Archived copy · Reddit

When you first become red pill there are stages. The first stage usually is the redpill "rage" then as slowly dive more into The Red Pill your like it all makes sense. Whether it's the nature of women, whether it's Alpha Fs, Beta buxx or Hypergamy or Bait and Switch, that they can't truly love you for you or that they all change over time, your like it all makes sense. Also, whether it's the reality of society, you figure out or anything, all this to take in is very hard and brutal to swallow at first.

So some men either go PUA and use everything to their advantage, (Female Psychology) to just pump and dump. But, as we all know the PUA put on a fake show and while they maybe getting women, they can't keep em around. Because, they were fake from the start and or women can see through their acting.

But Imo, whatever path any red piller chooses eventually, all those paths will lead to MGTOW. Why? All these "pick up" artists will eventually realize that, it's the same old game and to get any women, you have to put on a show were your time, energy and resources are wasted for something which is so overpriced. And women simply these days have nothing to offer except their endless entitlement and society and government, everyone is on their side.

In the end most men who became hardcore redpilled about the true nature of women, society and everything in general will become MGTOW and will realize the "game" is not worth it. Because it's the same old nonsense.

Don't Engage With r/MGTOWBanSub. Important Reminder.

30 March 2021 · /r/MGTOW2 · Archived copy · Reddit

So, there is a sub that has been created to ban the 2 legendary MGTOW subs. And I found out about them, as My posts have been featured on there. Lool. And, random people were commenting on My posts from weeks ago, and so I decided to look at who these people were, and what they commented.

The comments were like "it's not wife's right to provide sex in marriage, it's her body her choice" and "she can do whatever she wants, husband has no right to tell her anything." Yes, gentlemen. These were the types of comments, I was getting. And guess what's the sad part?

They were from "men." How desperate and low do you have to be to say nonsense like this? While, any person who hears mgtow calls us "incels" "women haters" and the same old mantra, the irony of it is these guys are the real incels who are going so low to comment shi like that to "protect" their women who they will get only friendzoned by. I don't get some types of people.

And, don't engage with them, as most are "men" on that sub who are next level. Not worthy enough to debate with. And if they comment random shi here on your posts like "You incel, women hater, broke, loser!" The irony is they are it themselves. Don't bother with them or give them any attention. They will only suffer in the end, while thank God we are woken.

Society Has Programmed You To Be A Beta Buxx From A Young Age.

This post is actually inspired by and he raises a great point in his comment. "When a Man is MGTOW he doesn't need much to live on." Indeed, and I full fledge agree with this, and I bet many of you can.

As far back as I can remember, My Mother always used to tell Me, "Son, become a doctor and you will get a good wife and have status." That's all she used to tell Me. Did she care about what I wanted? Nope. Indirectly she was telling Me "Live for people, so they can be impressed by your status and then find a gold digger who will only be impressed by My profession." Yes. That's what she was telling Me.

And, Before MGTOW, My thinking and mindset was only money, money and money. That, I need couple million before marriage for a so called "good" wife. And you know what? I was so dumb. I never once thought that, she will only be with Me for My profession and income and not for Me. And, whatever I did prior to MGTOW in life, was for this imaginary "unicorn" that I was not even guaranteed with! Now? I simply don't care anymore.

I have lots going on for Me, for My age, and it's not like MGTOW made Me unambitious. I'm still very ambitious, but I'm not materialistic anymore. Even, if I have millions, I'm happy with My Civic. I don't need a Mercedes Benz or anything to "impress" anyone. I don't care. I would rather donate all that money, than buying it, for some so called fake validation from others. This so called "good" wife that this society and the blue pill fantasy keeps on telling you, is all nonsense.

Like I have said in My posts before. Most of Us on this sub, are not the Tyrone to just "pump and just dump" and throw out. It's not My nature and it's not in many of us. And, also we aren't simps to worship women. We are in the middle, and we value our self respects the most, so we can never be a beta buxx. So, when we see the rigged game what we do? We Go our own way.

And, when you choose a simplistic lifestyle, no matter how much you have, happiness and inner peace is found in small things. Before, I wanted to make so much money only In "hopes" for a so called "good" wife. Now? I'm just making it for Myself and to benefit others, which I deem needy. That's it. And, when I go on My bike rides daily and what not and just take fresh air in the beautiful weather, these things are very under rated. But it buys Me peace. That same Mercedes if I had bought to "show off" and to get chicks, would NEVER buy Me inner peace.

In conclusion gentlemen, whatever society promised you is all bs. In the end, there is no unicorn, and if you marry you're just a beta buxx who is saving a woman who has ridden all the Tyrone and gave them free sex, while your just her "safe" option. And, when you choose to not impress anyone and live only for yourself, you don't need much. Happiness and inner peace is found in small things which are very underrated.

Why All The Terms Like "Alpha" "Beta" or "PUA" or Anything of That Sort, Doesn't Matter For MGTOW Men?

3 April 2021 · /r/MGTOW2 · Archived copy · Reddit

These terms were made a long time ago in reference to judging an animal by it's status In the animal kingdom. And these terms, only recently have been made popular since TRP has become very well known and what not. If most Men are not redpilled, they atleast have heard the term.

Anyways. So, TRP has made these terms very popular and many men still who are MGTOW keep mentioning them. While, imo whatever redpill says is nothing but facts. Such as Alphas get all the women for free while, beta pay for them in marriage and what not. Whether it's Alpha F's, Beta Buxx or Hypergamy, or Bait and switch or anything. As we all know, it makes sense. This is TRP in regards to female nature.

Now. The PUA artists have garnered a lot of attention. Basically, their whole strategy is using TRP and female psychology, and playing the whole "game" on them. And most of Us who have Mastered the red pill know what they are. Simply to explain, to keep a women around you have to play all these psychological games and be someone that you're not. But, many don't get the fact that Alpha's are born, not made. No matter how much a man is "redpilled" and no matter how much he knows and understands female nature, he can never truly be an Alpha.

So, most of these PUA guys who pick up women, get laid but they can't keep em around. Why? Because, they were acting like someone they were not. It's all a game. Remember gentlemen, she's only with a Man for 2 reasons. #1 is the emotions he gives her. The high, lows, unreliable and being unpredictable keeps her on the edge and makes him want him. Only a Alpha or a Chad/Tyrone can provide her this. But, guess what? The day they give her the validation that she craves, she is simply gone and monkey branches to the next guy to gain his validation. And #2 she stays with a man for his money and financial support. Aka beta buxx as we know of. And while she's not truly attracted to a beta buxx, and only gives him starfish sex and uses it as a weapon, she simply stays with him because he's the "provider" while effing Alphas on the side, who she gives free sex to.

The point is gentlemen that, to keep a women around you have to be a clown to keep entertaining them. And these women are only around for emotions (How you make her feel and all that) or what you can provide for her. That's it. It's all a acting game with these women. Hence only a man can love a women unconditionally, while a women can never. Their "love" is based on conditions, and in today's day and age when they have thousands of simps worshipping them, they can simply leave and monkey branch anytime. So, these terms like "alpha" "beta" or whatever doesn't truly matter to us. In the modern age no matter what you are, it's in the nature of a women to never be content. And, Red pill can you make very aware and woke, but to keep a women around, it's all a bs psychological game, and imo most red pill men will eventually become MGTOW. Why? Because there's too much nonsense to deal with.

End Violence Against Women! Now. And, I Will Tell You How.

3 April 2021 · /r/MGTOW2 · Archived copy · Reddit

This post is actually inspired by u/30203forever post. [Which is this](#) And when he had posted it, he took it away from the MGTOW ban sub. And guess what? They have removed it.

The people who are trying to get MGTOW banned, I really don't understand them. Why? MGTOW keep it to themselves, go their own way, and they educate other Men regarding female nature, and their personal experiences, and plus share statistics and data on, why MGTOW is the most mentally sane option for any Man these days.

Yet, these people still want Us banned. Why? Because they simply cannot handle the truth. They want men to marry and what not. Most women will never be attracted to simps anyway, and the Alphas they effed never stay around. So, Men in the middle like Us come in the picture for marriage. And, the government cannot keep on saving these women, so a women eventually needs a man to provide and protect her, no matter how "strong, free and independent" she is. And on that mgtow ban sub, most are soyboys and hypocrites. Little do they know women despise Male "feminists" and these guys out here "saving" them. Like..? Do NOT waste time and debate with them. To debate a opposition, they should have some type of logic, and these people are next level.

Anyways. So, alot of women then fear that more quality Men who become MGTOW, the less options for her and even if she marry's some beta simp, she will never truly be happy with him. No wonder they want this philosophy banned. Remember gentlemen, The Alpha after he bangs her, never stays around while, it's not in the nature of a women to be attracted to a sim* or a Male feminists. They loathe them. Men in the middle are the most wanted who neither simp, who neither "pump and dump".

The most sane decision for any Man in the modern age is MGTOW. All these women are Alpha widowed and used, and want YOU to save her. Society, sim*s and all, have made them very entitled, and you can never truly "impress" or "please" any women. Women have all these problems with men and the "patriarchy" indeed. Great. What's My advice for ALL men? Don't do anything with these women. Master female nature and Stoicism, and GYOW. Master the power of resistance. And, any MGTOW man who goes his way is ending the violence of ALL women! How? He simply walks away and has nothing to do with them. End all violence gentlemen!

What Do Women Have to Offer in Any Relationship, In The Modern Age?

4 April 2021 · /r/MGTOW2 · Archived copy · Reddit

If you ponder upon this question and think deeply about it, it's truly intriguing. With most women, you cannot even have a simple, intellectual conversation with about anything. Whether it's about society or anything in general. I'm talking just general knowledge. Remembering now, out of all the jobs I've had, maybe 2 women, I could speak all this with. But, guess what? They were older and married ones. The women My age and the women little older than Me, It was simply the same old complaining and nagging and their drama. Small little things which, only the guys in the friendzone "care" about only to get with her, but little do they know they are nothing but her emotional tam*on. LOL. Anyways.

In the modern age, you cannot even have a simple, proper, intellectual conversation with a women without them bringing their useless drama and nagging and complaining. And as we all know, most are ran through, and emotionally damaged women who will always be thinking about their abusive exes while she's with you, and she only married you because you were the "safe" option. With their many useless degrees, and media brainwashing, and them being SJW and pleasing □ society's narrative, rather than pleasing you, the modern women simply has nothing to offer. And, while some men will say she offers "kids" or "sex" you must remember, you were NEVER her first option. Her Thug ex was. Not you. And she wanted him to be her baby daddy. But because he didn't stay around, she ended up with you because you were the reliable and financially sound option.

And, she wants the kids for herself, which most women will eventually manipulate them against you, and as we all know the courts and the law makers favour the women in keeping both of yours kids, while you have to pay child support for them. How many men on this Sub have gone through this? And regarding sex? She simply can use it as a weapon anytime for her needs. And, society or anyone doesn't question her why and they will never. They have given women all the entitlement, and simply have labeled men as "evil" in all the cases, no matter what. And we see this time and time now, that somehow whatever happens men are the "problem."

That's why I liked [30201forevers post](#) alot. Basically to prevent all the problems women have with Men is a simple solution. And the simple solution for any man is [MGTOW](#). The modern, average women simply has nothing to offer. Most cannot even have hold a decent conversation, and sex is used as a weapon if she marries you, kids are manipulated against you, and society, media and the laws and everything favour her side. Hence the popular term [#believeallwomen](#). What's in it for the man if he chooses to marry? Stress, anxiety, and what not, and she can simply leave anytime as we all know they have thousands of options these days, and 90% of divorces are initiated by women. Yes. They can leave just like that without any consequences. They have nothing to offer, and if it's her mistake, society and everyone will blame you no matter what. So, what's the most smartest and Wisest decision? [GYOW](#). And as we "progress" it will only get more harder for Men and we see it time and time. To be safe, to keep your mental sanity, and to not be a beta buxx, simply [GYOW](#). That's it.

Women Don't Want to Grow With You. They Are Waiting at The Finish Line, When You Have it All. Important Reminder.

8 April 2021 · /r/TheRedPill · Archived copy · Reddit

How many times have you heard women saying, I want to "grow" with a man and help him out in his journey of whatever it is? Of course never.

The reality is, as we all know, women in the modern age want to have it their way In everything. You can't have your cake and eat it. For many men, they are told by society and everyone to "work hard" and be "established." Indeed. But, established and successful for what? For themselves? Nope. Men are programmed from a very young age by society to be a beta buxx and are prepared for it from a very young age.

While you are working so hard, day and night to money maxx, your future wife is getting pounded by broke Tyrones day and night. Yes, gentlemen this is the reality. Women in their youth have everything they need and want, funded by their father's. At this time, she's not wanting a beta buxx husband. Bc her material needs are met. You know what she wants? She want to get degraded by many tyrones and chad's and the whole football team in many ways as possible. Yes. Most men cannot handle this or accept it, but that's what's happening gentlemen.

And you? You are still working your as* off, not for yourself, but rather for your future imaginery "unicorn" and kids that you think will make your life better. Little do you know, your her last beta buxx option after she got used and degraded by many men, in many ways possible, and now is a emotionally damaged man hating feminist, who wants YOU to save her. Why? Bc you are fully established now and at the finish line, and she's waiting for you there.

And you know what? I don't get suprised anymore, when men on here say, their wife was banging the guy next door while he was working his as* off for family. You see gentlemen, for sex a women doesn't care who she has it with. Why? Because, any guy wants sex with her and she will only choose the most sexually capable (aka tingle material). But, for marriage? Nope. She will only choose a man with most resources and who is most stable In life aka the beta buxx. Not bc she loves him or anything, nor does she appreciate the hard work they did to get there and on that level. She is just happy she got a "lifelong" comfortable income guy that will provide her with her material needs. For sex? She has the next door neighbor who will bang her for free, while the beta buxx paid for her in marriage and did everything for that.

Sadly, most men are dumb asf. I blame men. They have given up their principal's, morals, ethics for women and a so called "good" wife. You must acknowledge, if you marry in the modern age, you are nothing but a beta buxx in her eyes. She will lose respect for you in no time and she will fantasize the QB from her university who she fked, while having sex with you, bc she has experienced it all! And guess what? The government and EVERYONE is on her side. It all just takes for her to say "I'm not happy" to ruin your life. And when she does, she goes back on the CC and still has thousands of beta orbiters/simps worshipping her.

Don't lose your self respect gentlemen. These women aren't worthy enough to even spend a single penny on. Work hard, and make money only for yourselves. And with that money, change the life of others who are really and in desperate need so they will actually remember you. Unlike a women, who you can do anything for and if you don't do that 1 thing, she will say "What good have you ever done for me?" Most religions say most inhabitants of hell will be women, and indeed this makes sense now, and no matter whatever religion we are, we all come together in this regard bc each religion has said the same regarding the true nature of women. It all makes sense gentleman. It really only and truly is AWALT.

Tldr; Marriage = nothing more than beta buxx and a slave to her and the government. Don't marry. There is no unicorn.

Live Life Not To Impress Others, Rather Live Only For Yourself.

10 April 2021 · /r/TheRedPill · Archived copy · Reddit

The people that you tried so hard to impress and made them a priority, where are they now? They are all gone. In today's selfish world, you cannot put others above you. Whether it's women, friends, or anything, you have to keep them beneath you. Otherwise, you will be left behind.

Who always wins in the end? It's always the jerk, who puts himself above others. The so called "good" and "nice" guys, who always put others above them for the validation of others, what happens with them? They are left behind, and they keep wondering why their "niceness" is not working for them. Whatever it is in life, we must remember, nobody is helping you. Like seriously think about it. Why would they? Your benefit is their loss because they will have more competition. And people are easily jealous and despise you, with a facade of this fake smile they have in front of you.

The greatest power in this life, is mastering the psychology of people, and using it on them, in the most clever way possible, and in such a way, which it only benefits you. Remember, society or anyone, they do not care about you. In the end, YOU have to make something of this life, and get ahead in anyway possible you can. Because in the end, it's just you. Since the beginning of time, it has only been survival of the fittest, and never survival of the unfittest. Every red pill man needs to Master machiavellianism. Regarding how to act, what to say in each and every situation he is confronted and use it for his own benefit in a very clever and intellectual way.

Always put yourself above others. People only use you, and throw you out. The only people that may truly love you unconditionally is your parents. So always respect and value them. When you learn to not care anymore, and only focus on your own success in whatever it may be, that is the greatest mindset any man can have. People spend their whole life in thinking what he/she will think about me and guess what? They are left nowhere. They neither achieve their goals, because they put others above them, and they lose all the respect people had for them. Why? Because they keep on giving and giving and then they are taken for granted. Once you're that vulnerable, your destiny is only to get used and thrown out. You must never be too agreeable, rather stick to your principles and values. Always.

You must remember that in the end, whether it's women, or the government and even your homies, they don't care about your achievements or success. Neither anyone is helping you get there. 1 day, they can be your homie, the next day they can be your enemy. Don't be so emotionally attached to people because anyone can change at any moment. You come alone in this life, and you die alone. So, don't care about others and what they think about you, rather do what YOU have to do. In the end, nobody is helping you. You have to help yourself.

The #1 Reason For Declining Marriage is "Lack" of Economically Attractive Men. Why?

11 April 2021 · /r/TheRedPill · Archived copy · Reddit

First of all, all men must acknowledge that in the modern age, everyone is usually making the same. Many men and women go to university and college and get their degree and make the national average. While, most men keep and multiply their wealth, women still only get wealthy by 2 things. That is through marriage and divorce or they inherit their wealth from their fathers. [Link](#).

When a man and women is making the same, a women is biologically programmed to go for a man who is making more than her, and who is more higher of status. This is in their biology and nature. Ironically, when 95% of men and women are making the same, women then only go for the men who are in the top 5%. Hence the 90/10, 95/5 rule come into play.

But every man must understand, rich men don't make her wet. When a women see's any rich or a resourceful man, in her eyes it's (Yess lifelong comfortable income guy). Only an Alpha truly makes her wet. By you driving the best car, and what not is making yourself look like a fool with a badge that says "I'm a beta provider, pick me." Of course, why wouldn't any women pick you? You're a Simp and women love using you and extracting resources from you, while she will be giving herself away for free to the Alphas. Hence the term Alpha Fs and Beta buxx is straight up truth.

A women wants a mix of many qualities in a man. She wants him to be a rich Alpha that will put in her place, while being a "gentleman" on the street so "people" can say look at that happy couple. But little do these beta provider men know that, back in her university years, she was giving herself away for free to the Football QB and what not. All the Tyrones/Chad's degraded her for free in many ways possible, while she was young and she loved it at the time. Now, as she looks back she regrets it and bc she is alpha widowed, she hates all men and blames all men for her own mistakes. Alpha's get what they want from a women without providing anything. They simply don't care. They want to pump and dump. While a women knows that this guy will be unreliable, she will still stay with him in order to "change" him. But he will never change. Alphas never stay around. And once she "changes" you, she's already monkey branched to a new guy to "change."

Women are biologically attracted to unreliable, unpredictable men. Yes. It keeps them wet. You really think after she has experienced an Alpha, she will be happy with a beta Dr Kareem who is boring and very predictable? Nope. She will be drier than the Sahara Desert. The next door Steve who's mowing the lawn and who doesn't gaf about anything, will make her wet. And what happens eventually? While the Beta Dr is providing her, she is effing next door Steve and still getting her material needs met by the Doctor. That's why, no wonder red pill emphasizes women are no more useful than to pump and dump.

Anyways. All men must remember in the modern age, marriage = you are a beta and the statistics show this itself. Women are gold diggers and will make the rules for a beta while, they will only get wet for an Alpha and break the rules for them. They make the rules for the guy they want to marry while, she was happily giving herself away for free and was getting degraded in many ways possible to the Alpha in her youth. Marriage is a joke in the west. Women can never be truly attracted to a "beta buxx". While she's having sex with him, you know what gets her off? Thinking about that QB she fked from university who degraded her In all ways possible. While this beta thinks she's "pleased" with him. Brutal for these guys.

And we are the most smartest men here. These simps and whiteknights will never get it. To Master female nature and to truly become redpilled, 1 must experience female nature. Whether it was Roosh V or any of the original red pillars, these guys Mastered it all, and work and manipulate the rules in their favor. While the beta is paying for her, after guys like Roosh got her in her best years for FREE! Red pill is the ultimate pill, and every man must Master it. Alot of women secretly lurk these subs. You know why? Because they are truly amazed at how some guys know their whole nature and they can't help but agree with all these posts bc it's such facts. They all secretly lurk these

forums. And you want to know something? Any women, will never truly be happy with a beta buxxx. Whether he's very wealthy, or anything, it doesn't truly make her wet. What really makes her wet is the tingles and emotions that Alpha provides her.

In conclusion, all men must remember, never ever marry. You are seen as beta in her eyes. She's not attracted to you at all. She's only attracted to the lifelong comfortable income you have and because you are a stable man. She doesn't get wet for you, like how she got wet for her exes. But you? You think she "loves" you. She will only truly have feelings for the unreliable, unpredictable men who treated her like trash in the past. Not for you. Those guys only truly make her wet. And again, going back to the title of the post, women base their marriage partner off by his income, but not for anything else. Marriage is only beta buxxing in the modern age. The one who cares the least, is in the most control. Always remember this gentlemen. Don't get emotionally attached or invested in any women.

Society Has Programmed You To Be a Beta Buxx From a Young Age.

13 April 2021 · /r/TheRedPill · Archived copy · Reddit

This post is actually inspired by a user who made a comment and he raises a great point. "When a Man is redpilled and lives only for himself, he doesn't need much to live on because he doesn't gaf about peoples validation." Indeed, and I full fledge agree with this, and I bet many of you can.

As far back as I can remember, My Mother always used to tell Me, "Son, become a doctor and you will get a good wife and have status." That's all she used to tell Me. Did she care about what I wanted? Nope. Indirectly she was telling Me "Live for people, so they can be impressed by your status and then find a gold digger who will only be impressed by My profession." Yes. That's what she was telling Me.

And, Before being redpilled, My thinking and mindset was only money, money and money. Money only for this imaginery wife, while I'm a simple guy. I used to think that, I need couple million before marriage for a so called "good" wife. And you know what? I was dumb asf. I never once thought that, she will only be with Me for My profession and income and not for Me and I will be her "safe beta buxx" option. And, whatever I did prior to being redpilled in life, was for this imaginary "unicorn" that I was not even guaranteed with! Now? I simply don't care anymore. I do what I have to do. Red pill has set Me free.

I have lots going on for Me, for My age, and it's not like all this has made Me unambitious. I'm still very ambitious, but I'm not materialistic anymore. Even, if I have millions, I'm happy with My Civic. I don't need a Mercedes Benz or anything to "impress" anyone. I don't care. I would rather donate all that money, than buying it, for some so called fake validation from others. This so called "good" wife that this society and the blue pilld fantasy keeps on telling you, is all nonsense.

And, when you choose a simplistic lifestyle, no matter how much you have, happiness and inner peace is found in small things. Before, I wanted to make so much money only In "hopes" for a so called "good" wife. Now? I'm just making it for Myself and to benefit others, which I deem needy and worth giving to. That's it. And, when I go on My bike rides daily and what not, and just take the fresh air in the beautiful weather, these things are very under rated. But it buys Me peace. That same Mercedes if I had bought to "show off" and to get chicks, that would NEVER buy Me inner peace or happiness.

Whatever society promised you is all bs. In the end, their is no unicorn as we all know and if you marry, you're just a beta buxx who is saving a women who has ridden the CC, while your just her "safe" option. And as we all know it's AWALT. And, when you choose to not impress anyone and live only for yourself, you don't need much. Happiness and inner peace is found in small things which are very underrated.

In conclusion gentlemen, Don't live by society's standards rather live how YOU want to. Be a content prideful mofa who is happy with himself in whatever he has. Your lucky you have all this knowledge. You won't be a sad beta buxx in the future who's wife will use sex as a weapon. F that. You will do what you gotta do, and life is really short to live for others and get their validation. The only validation that you need is YOURS. That's it and once your confident in yourself, then the rest will come to you. Red pill saves lives.

Ancient Poem on Female Nature from the 12th Century. It Has Been AWALT Since The Beginning of Time.

14 April 2021 · /r/TheRedPill · Archived copy · Reddit

You should not be deceived by her outer appearance... For it is a disease that is ridden with loss.

فَبَحَثْ خَلَائِقُهَا وَفَبَحْ فَعْلُهَا ... شَيْطَانَةٌ فِي صُورَةِ الْإِنْسَانِ

Her character and actions are ugly.. A devil in human form.

تَنْقَادُ لِلْأَذَالِ وَالْأَزْدَالِ هُمْ ... أَكْفَاؤُهَا مِنْ دُونَ ذِي الْإِحْسَانِ

They make you (men) out to be dishonourable and despicable.. Her hands do not bring kindness.

مَا تَمُّ مِنْ دِينٍ وَلَا عَقْلٍ وَلَا ... خُلُقٍ وَلَا خَوْفٍ مِنَ الرَّحْمَنِ

Nor bringing any piety, nor intellect.. Nor character, nor fear from the Most Merciful (Allah.)

وَجَمَالُهَا زُورٌ وَمَصْنُوعٌ فَإِنْ ... تَرَكْنَاهُ لَمْ تَنْظَمْ لَهَا الْعَيْنَانِ

And her beauty is falsehood; manufactured which will perish.. If neglected, no eyes would glance at her.

طَلِبَتْ عَلَى تَرْكِ الْحَقَائِدِ فَمَا لَهَا ... يَوْفَاءَ حَقِّ الْبُعْلِ قَطُّ يَدَانِ

She will eventually forsake maintaining herself.. Then she will not fulfill the rights of the husband.

إِنْ قَصَرَ السَّاعِي عَلَيْهَا سَاعَةً *** قَالَتْ وَهَلْ أُولِيَّتْ مِنْ إِحْسَانٍ

And if her workman (husband) falls short one time.. She says "Have you ever done anything good!?"

أَوْ رَامَ تَقْوِيماً لَهَا اسْتَعْصَتْ وَلَمْ *** تَقْبَلْ سِوَى التَّعْوِيجِ وَالنَّقْصَانِ

And if you wish to correct her misconduct.. She objects and does not accept her mistakes and shortcomings.

أَفْكَارُهَا فِي الْمَكْرِ وَالْكِيدِ الَّتِي *** قَدْ حَارَ فِيهِ فِكْرَةُ الْإِنْسَانِ

Her ideas are cunning and malicious.. That would set a man's mind on fire (make him furious and frustrated.)

فَجَمَالُهَا قَشْرٌ رَقِيقٌ تَحْتَهُ *** مَا شِئْتَ مِنْ عَيْبٍ وَمِنْ نَقْصَانٍ

For her beauty is a thin layer.. And what's beneath it is full of defects and damage.

نَقْدٌ رَدِيءٌ فَوْقَهُ مِنْ فَضْةٍ *** شَيْءٌ يَظُنُّ بِهِ مِنَ الْأَثْمَانِ

A cheap coin wrapped in silver.. Is something one would think is expensive

فَالنَّاقِدُونَ يَرَوْنَ مَاذَا تَحْتَهُ *** وَالنَّاسُ أَكْثَرُهُمْ مِنَ الْعَمِيَانِ

But the critics see beneath it, while most of the people are blind.

أَمَّا جَمِيلَاتُ الْوُجُوهِ فَخَائِنَاتٌ *** بَعُولَتُهُنَّ وَهِنَّ لِلْأَخْدَانِ

As for those women with beautiful faces.. They are unfaithful to their families and they have boyfriends (I.e. other lovers besides their husbands).

وَالْحَافِظَاتُ الْغَيْبِ مِنْهُنَّ الَّتِي *** قَدْ أَصْبَحَتْ فَرْدًا مِنَ النِّسْوَانِ

As for the women who protect their chastity in private and their husband's belongings.. They have become those who are forgotten.

[Al-Nooniyyah by Ibn Qayyim]

This is golden. I have to go back and read this every once so often to get in My senses. Gold.

It has been AWALT since the beginning of time. Ofc there were a few rare women here and there. But, that was

only 0.000001%.

Don't Waste Your Time Showing Any Women Logic.

You did not "destroy" her with facts and logic. You simply wasted your time, energy and effort on a grown up child(which is a woman) who is incapable of understanding logical facts and only operates by emotional reasoning as well as female solipsism.

Women are not important enough or valuable enough to have a logical discussion with, on topics like that because everytime you do so, you simply give her a chance to play her "emotional" card & solipsistic nature right there. Women are like NPCs (Just like sims and white knights), who follow what their specific sisterhood says about "mah patriarchy" that particular day. Women neither have their own opinions, nor do they have their own ideas. Everything they know or believe in, are either copied from men & twisted to follow their man hating ideologies, or just the latest "trendy" thing that their so called "feminism" as well as other isms and ists (that they follow) decided to tell them.

If a woman decides to believe x, tomorrow she will believe in Y. And the next day it will be Z. You just wont know what set of beliefs she will subscribe to tomorrow. As I said, complete emotions as well as solipsism, and no logic. Most of them cannot hold a simple conversation about things that actually matter, rather they love passing time in gossiping and talking useless shi which is not relevant to reality. Use them only for 1 thing and yk exactly what I mean.

Don't respond to female solipsism and emotions with Logic. That is like throwing gasoline on fire. Simply exercise amused mastery at their childish theories and go about your business. It is their parent's duty to raise them properly and correct their mistakes, not Ours.

What is The Gray Man Theory, and Why Must Every Man Be That? Be Like The Predator.

20 April 2021 · /r/MGTOW2 · Archived copy · Reddit

The gray man is the man who moves around the periphery of our awareness without creating any stimulus. This makes that person invisible for all practical purposes.

And in today's clown society, any red pill man needs to follow this. You must only talk with mature, logical people while avoiding all the clowns. You making sense and being practical will not do anyone good. Why? It's too late. Society already has collapsed. Yes, there is no turning back now. Society is destroyed and will only get more foolish. By us making sense and being very rational cannot stop society from destruction. Our rational, logical thinking can only save us. That's it.

So, be invisible and focus on your own goals and don't bother anyone. The example I like to give regarding this is, be the Predator. The Predator is far too smart and different from society, so he stays in the jungle doing his own thing. His Intellect, and way of thinking, is far too great comparing to any humans, and he's a very unique 1. Too bad they don't know that the Predator thrives in the shadows and is far too Great for society.

And because, no 1 is so Intellectually capable on His level of rational thinking, and logical mindset, he simply has gone his own way, and far away from society doing his own thing. And he does not bother anyone, and if someone were to bother him, they are effed by the predator himself.

Most of Us here, are like the Predator. We know too much, experienced, know the whole game in and out and realized, that it's all the same and not worth it. Whether, it's about the nature of women or the harsh truth about this clown society or anything. Most of Us know it all. While, most normies and clowns, will stay in their delusional, fantasy worlds. And we? Like the Predator have gone our own way and away from the clownery of society, and from the blue pill fantasy.

When you accept the harsh truths for example women cannot love you, how you love them or the truth about the world we are headed towards or anything, MGTOW is the only way. We neither bother anyone, neither have anything to with this degenerate world. Inner peace is not found in banging random women, rather it's found within yourself. The greatest example I like is the Predators. He realized that his intellect, maturity and rational thinking is far too great for this average society. What does he do? GHOW and we must be like him.

62% of women have rape fantasies. And what's interesting is most of these women are high up in the work environment and in positions of power. What does this show?

All women want to be dominated and want to submit no matter how much in "power" she is. Women aren't meant to lead. They are meant to follow and be lead. All these feminists who are worshipping feminism, have 1 of the most highest rape fantasies and want to get degraded the most. That's why feminism can never work.

These same women who go to those feminist marches, then end up sleeping with the same "toxic" Male they complain of. They only get wet by violence. Ignorance, assertiveness, dominance only makes puss**s wet. No matter how much other bs nonsense media, feminism tells you.

Why is 50 shades of grey so famous? More than 90 million copies have sold. More than Harry Potter and what not. That says something. They all want to get dominated, and have the most wildest fantasies but only with Men who they Deem superior for them. Your average feminist soy boy is getting nothing, while that jerk who everyone complains off, she's his sex slave all tied up rag doll.

But ironically, feminists complain of the same Men who make them wet. Ahhh, the irony. Don't listen to any of that bs nonsense. Do what you gotta do. Lifes too short. Whatever TRP says is nothing but truth. Follow it, manipulate the rules in your favor, and NEVER get emotionally attached with any women. They aren't worthy for it.

Feminist ideas in the German education system - a case report

1 thing all this has thought Me is, how to use machiavellianism to My advantage. In this cancel culture which is so rampant in today's society, we all have to remember rule #1. The first rule of fight club is, you don't talk about fight club.

You say what they want to hear and use reverse psychology. For example, if you were to say all that random feminist bs to impress the teacher, you may have gotten a higher mark. Which in turn would give you a good outcome in the long run. But, any person who says how it is, this blue pill society is not ready to hear the truth. They are in their blue pill delusional fantasy world. Seems to be working well for them. I personally have realized to just stfu whenever I'm with these people, and say the right thing at the right time for My own advantage. Otherwise, these people will do whatever it takes to "cancel" you.

There's an old saying and 1 of My favorite. "Before thinking of a short term gain, first think of its long term affects." Before any action we do, we must first think far ahead and consequences of that action, rather than only gaining short temporary pleasure.

Whether it's Me or you, our parents want us to marry and have grand kids indeed. But. What these parent's don't acknowledge is times have changed. Women aren't women anymore, and their nature, these people will never

understand and get it.

My mother says that I will be very successful in life and will have a "great" wife. You know what? I laugh it off. Only if she knew what I knew.

In the end, this life is nothing. Make as much money as possible, smoke a cigar every day, do good and die. That's it. Women? When you know their nature in and out, you will realize that they aren't even worthy of your time.

It's really AWALT my friend. No jokes. All that alpha fks, beta buxx or whatever you have heard and all, that is ALLL TRUE.

And regarding your father? Laugh it off and ignore. To marry or not the decision is yours. You're parent's cannot force you. That's it.

30 upvotes · 14 April 2021 · /r/askTRP

Never. Just remember, the day you open up she's gone the next day. Even if she acts like she has sympathy for you, she will use your weakness in the future against you.

Women cannot love unconditionally. It's not in their nature. You want to open up? Open up with your homies. But never with any women. Even if your drunk or anything (that's when most people open up) don't drink near her. The most brutal pill to swallow is women can't love unconditionally, indeed. And, knowing this just manipulate the rules for your benefit.

Women want to break you. Yes, that's why theres all the shi tests. And one of the biggest is when she says "open up" and remember, once she sees you as weak emotionally, it's over for you. No matter how physically strong you are. You must remain emotionally stoic with women at all times.

Doesn't female erotica/romance basically confirms TRP theories?

30 upvotes · 13 April 2021 · /r/askTRP

Of course it does. If that wasn't the case, 50 Shades of Grey would never have been that popular. It all comes down to "Alpha" men like Tyrones etc, what do women like about those Men? The emotions and feelings they give her. The highs, lows and the unpredictability of those men that keeps the women on toes make her "love" him and keep her around.

Remember, she doesn't "love" tyrones for themselves. But, because he is so unpredictable and "great" in bed, this keeps a women on her toes makes her stay with him even if he's broke and has no status. While she would never marry these types of men, most women want to experience those emotions, and tyrones and all do a great job of never giving the validation she craves. So most women in their "hoe" phase after experiencing these types of men get emotionally "broken" and become man hating feminists who want a so called "good and nice guy" with

money who will save her. As we all know now the poor betabuxx.

But remember her primal instinct will always be for the alpha. No matter how much a "feminist" she becomes or how much a "good" guy she wants, she deep down wants to be dominated only by the alpha. Why is 50 shades of grey best selling book for women? Because that's what women ultimately want and desire.

In conclusion, any women wants a rich alpha, that will put her in her place, while being a "gentleman" outside in the world when he's with her. She wants a man with many mix of Qualities. But because these men are so few who have it "all", she experiences many types men on the way to get those "feelings" and on the way she becomes a miserable.

The day you care more, she loses interest and she's gone. And the day she gets out of hand, you simply walk away. That's it. Don't care whatever tf she's doing. Women are dumb asf and they dig their own graves by their own actions. It's not your responsibility to save them.

Any man must remain emotionally stoic with any women at ALL times. Don't tell them anything. Once you become red pillled there is no going back and as you mentioned knowing "female nature" use it for your own advantage. 99.99% girls offer nothing but sex. Oh yeah. Same here. I have always been Myself and it's not in Me to treat them like "trash." But I'm not people pleaser aswell and never simped. I'm always Myself. A wise Islamic scholar said it best, "The more you honor her, the more she dishonors you, and the more you dishonor her, the more she honors you." How true is this?

The Tyrone who treats her like trash, she keeps going back to him, while the beta who provides her she resents him. The psychology of women is very intriguing. And after having all the fun and what not, she marries the beta and will never be satisfied by him and will only go back to the streets to get pumped and dumped where she

belongs. And then they divorce and become miserable.

A women wants many qualities in a man. And that is he has to treat her like trash, while being rich and having status. But because, she can't get the full package, she only "messes" around with Tyrones while in the end she marries the "rich" guy who she will never be attracted to. And then you know the rest gentlemen.

What are your realistic predictions of what the US will look like over the next decade?

22 upvotes · 29 March 2021 · /r/MGTOW2

More degenerate, and just wait till Kamala becomes president. She will truly F it up, and with the virus and what not plus the economy being on the brink of destruction, women will be even more hypergamous now. That 90/10 rule will eventually turn to 99/1. All women will only go for the top 1% of men.

And it will be more PC, more various genders, and if you say anything against them, cancel culture will do it's job in destroying you, so you will have to keep your mouth shut like no tomorrow.

And if you look at this tik tho* generation, these people are so brainwashed, the government can push any of their agenda anytime and manipulate these people into following and believing whatever they want. So to answer your question?

We are truly effed.

How to Deal with Women

21 upvotes · 20 February 2021 · /r/MGTOW2

Great Post OP. This is something I wrote myself awhile back.

Hypergamy is when women find a good match, she will still delay the marriage to see if she can do better and attract an even higher value man. This is called hypergamy and its a part of female nature. Or if she found a match, it's in her biology to monkey branch to a potential higher value male, while she's "with" you.

The reality is most women think that their uni/college days won't haunt them. But after getting broken by many "Tyrones" used and abused in there uni days and then becoming man hating emotionally broken feminists, she will never be happy. Why? Because she experienced it all. Now her standards are even higher.

Many women simply think they are entitled to top 1 percent of men, because of their beauty. We have many simps who worship them, and many women think that because of only their beauty they will only deserve a HVM. When in reality many of these women lack character, modesty, femininity, nurturing nature and genuine respect for men. The only thing they are bringing to the table is what's between their legs and only their beauty. Other than that? Nothing. Most men cannot see through the beauty. I can. Most men think with their D's. I Don't. Also not talking the respect they have for Tyrone after he abuses them. I'm talking respect in general.

Also why I'm what I am is you see the reality is, there will always be a better man in wealth, status and height. No matter how much you "self improve" there will always be way better men than Me and you. All women biologically are attracted to the highest quality male. I'm talking top 1-3 percent men who have it all. (High status, wealth, and looks).

99 percent of women are competing for the top 3 percent of men, and thus no wonder why marriage rates are

falling. So men, remember if she's with you atm, your her highest option available atm. The day any higher value male comes along and interests her, she will be gone. You all have to remember 1 thing, Hypergamy doesn't care. No matter how much or what you do for women, she doesn't care. It's in her biology to mate with the highest value male possible that she can find and she will leave you, when she finds someone higher of value. In conclusion it's not worth it.

How many divorces you see that the wife cheated on the husband with someone higher of value she found? Women cannot "love" men unconditionally. Their love is conditional, and depends on what you can do for her and how you make here feel. I just say facts. I have analyzed this, seen throughout my life. I don't talk based on random nonsense. I talk based on facts and reality which cannot comprehend and don't have the IQ or the logic to handle. I have a stoic mentality. I accept how it is. Many men can't.

The day you can't, she will be gone. Just remember this. Remember 1 thing. She's never yours. It's just your turn.

She basically said I'm too full on autist-trp.

This is a shi test. If she's still fucking you, she's still attracted to you. If you go accordance with what she wants, she will get drier than the Sahara desert. She wants to make you open up by her saying that nonsense and once you do, I can bet you she'll be gone the next day. Don't open up and remain emotionally stoic. Don't show any emotions in front of these chicks.

Keep doing what you're doing and keep her as a plate. If she gives attitude walk away and for the sake of God do NOT get emotionally attached.

Deep. Men are slaves to the puss*. Yes. And, the greatest red pill to swallow for Me was, at no point in time, women can ever love you, the way you want to be loved. It's all a game with them.

But you must understand, redpill has freed all of us. It's very bitter indeed but, that's just reality. We're far lucky than those blue pilledsimps who keep constantly worship puss* only to get friendzoned.

Gents, do what you gotta do. Manipulate the rules in your favor, never get emotionally attached with them. They aren't worthy of being "loved". Only women and children are loved unconditionally, while men have to provide something of value. (Emotions or materialistic wealth) to even be recognized. Don't sacrifice yourself and be slave to anyone.

The guys who treated her like shit will always be on her mind. If you treat her well by providing for her, you are a cuckold male who she sees as a simp that can be manipulated.

More than that it's, those guys never gave the validation she craved and always kept her on the edge. Hence they were unreliable and unpredictable. Once you give her that validation she wanted from you, she's gone and monkey branched to the next guy to get his validation. That's how women keep on monkey branching guy to guy and in the end only become miserable.

And a women would never marry an Alpha. Why? Those guys either don't stay around or because they don't care, and can leave at any time bc they have options, this makes her not want to marry them. Because they are very hard to manipulate and she can't use her puss* to play games with him.

While a beta cuck? She can use him in any way she wants, manipulate him, and use sex as a weapon to get all the material needs from him, while getting destroyed by next door neighbor when she's horny.

A women wants an alpha but because he doesn't stick around she doesn't end up with him.

She only ends up with the beta who she resents and will never be happy with.

11 upvotes · 11 March 2021 · /r/MGTOW2

Then in the end Men like Me and you, who actually did something with their lives have to save these women. Never.

All men must acknowledge, she's only with these types of guys for time being, bc they put her in her place good, and she loves and craves it! It gives her the tingles. But for marriage? Naah. She wouldn't. For marriage all men must remember, it will only be the "lifelong" comfortable income guy aka the "good guy." Alpha fks beta buxx is the simplified version of the modern relationships. But she will never be happy with that "lifelong" comfortable income guy, bc he doesn't give her the tingles as the exes.

A wise Muslim scholar famously said, "The more you dishonor her, the more she honors you, and the more you honor her, the more she dishonors you." How true is this? Women are naturally logically deficient, and they don't know what they want. Women's emotions are like the color of a chameleon, which changes too often. My experiences, and everything that I have seen, prove this time and time. The best thing a Man can do in the modern age is never marry and GHOW. That's it. These women ain't worth it. AWALT.

Now, regarding.

How does that book help you win people over?

I'm quoting some quotes from the book.

"Hence to fight and conquer in all your battles is not supreme excellence; supreme excellence consists in breaking the enemy's resistance without fighting."

"The supreme art of war is to subdue the enemy without fighting."

In other words, winning the fight and convincing and winning people over in a very intellectual way is true victory. Like in a way you have to be a diplomat to each and every situation and not gaf about them. Bc in the end, what do you care about the most? Ofc your own Victory. That's it. And the best victory is the victory that uses intellect and cleverness rather than wasting time and lives with weapons.

Imo, this is the best book, and the book of all books regarding strategies and winning people over in a very clever and sharp way. It has most of the wisdom that you need in your everyday life to conquer your battles.

Then you haven't swallowed the red pill. You can either love women or you can understand them. I chose the latter, and I can NEVER marry. This oneitis idea you have of "love" and the "one" is all bs. Women cannot "love" you. It's not in their nature. They only love the emotions or material provisions you provide her. That's it.

If you have this attitude, yes you will marry. But you know what? You'll be nothing more than a beta buxx. While you "love" your wife, she'll f the same neighbor who treats her like trash on your bed, while you provide her. And say, you found the "unicorn" and you lose frame, she's gone. You must remember, women are selfish and only care about them and their offspring.

Women are overgrown children. Yes. The more you give a child, the more he wants and thus he will never be happy. And, the more strict you are with him, and show his place, he will respect you. And once you give him more, he'll ask for more and be bit**y and shi test you. Women are the exact same.

Oh yeah. In the end, all men must realize, women only "love" for 2 things. #1 Emotions (Which the alpha provides her) whether it's keeping them on the edge, or not giving the validation she craves etc. This makes a woman stay around, only until you give her the validation. Once you give that validation, she's already effing someone behind your back.

And #2 material provisions (which the beta buxxx provides her) and these guys are getting petty starfish sex while, she's screwing the chad neighbor. Women only stay with these guys for their "lifelong" comfortable income and that's it. But they despise these men.

They are all hoes. You can't trust them, neither they are worthy to get wifed up. Only a beta buxx like "Dr Kareem" type of men will wife them up. While, like you said, if you fuck that whores brains out she can literally change on you tomorrow and accuse you of nonsense. Treat them like whores. That's it. Imam Al-Ghazali said it best, "The more you dishonor them, the more they will honor you and the more you honor them, the more they will dishonor you. How true is this statement? Also, Yes. This is in Imam Al-Ghazalis book.

I'm a very calm and long term thinking guy and I would do everything very calculated while being very cautious. I don't trust these hoes, neither I would marry them, neither I trust anyone except Myself. There is no fucking unicorn. That was the bitter truth to accept for Me. All of them are literal bitches and sluts who will get their brains fucked like no tomorrow in the end, only to marry a poor Dr Kareem to save them, while eyeing his "lifelong" comfortable income and then getting bored of him. You know why? Because he doesn't give her the tingles like "tyrone" and then end up divorce raping the poor guy. Women were only made to fuck. That's it. All of you must remember, all laws favor women. Once you're married you are fucked. Society, family courts, divorce laws and everything favor women and it keeps getting worse by the day.

And I advise all Muslim men and ALL men in general GYOW. If Prophet Muhammad Pbuh lived in today's day and age, I can bet you he would have been mgtow and some scholars literally have said that marriage is not made mandatory in bad times. And we literally live in a clown society. And you wanna know something? Some famous and wise Islamic scholars were MGTOW. But they had sex slaves so, that tells you women were only made to fuck. So we of course never crossed religious boundaries. But she was the typical women but the shy low-key version. She went behind my back with ofc the same "toxic" males that these chicks complain of.

After that and what I experienced, I truly couldn't believe it and was heartbroken. She basically indirectly made Me red pillled and MGTOW. After I realized the female nature is truly the same. All women want to ride the cc in youth, and will experience everything, while guys like Me with morals who never did anything due to religion and work hard only to be a betabux. But, I lived in a blue pillled fantasy that I will get a "good" wife and kids and all that. Now, the greatest gift she gave me was the Red pill and mgtow. The women that I talked to after, they all are truly the same. 1 of the most harshest pill for Me to swallow was to truly accept that their is no "Unicorn." And it only truly is AWALT. Hypergamy, alpha fs beta buxx, bait and switch, they all change overtime, all these things redpill says is the reality.

No matter how stoic you are, how MGTOW you are, we all need women. This is just natural. But this sub and a redpill a day keeps Me in check. Otherwise like mgtow says, a man is only a chick away from going back on the plantation.

But, again no matter the initial phase or whatever, all women base everything off of emotions. 1 day she "loves" you, next day she's totally changed and you're like wtf? A man is usually the Same. But a women and her emotions are like the color of a chameleon and it changes that often. At the end of the day the final redpill that took a while for Me to swallow was a man can truly and genuinely love a women unconditionally. A women can never. They are only wired to "love" you for the emotions that you give them or the Materialistic things you provide them. But a women can never truly love a man unconditionally. That was the most brutal red pill for Me to swallow and hypergamy doesn't care. Once she sees a better option, no matter what you did for her and all those times, they don't care. They just monkey branch just like that without any emotions. Its truly awalt. Mgtow is hard but it is what it is. Once red pillled, there is no going back.

Remember gentlemen. She never yours, its only your turn.

Am I wrong for feeling so happy about this? I don't think so.

Red pill knowledge is for fucking and spinning plates and hardcore red pill mode is for marriage. And you must remember, chicks usually see the guy she's in ltr with as an beta and most men eventually soften up in ltr over time.

So, personally, I would never want to get into a ltr with the modern women only due to My self respect. But if you want to go ahead, then do but I wouldn't if I were you. Keep spinning plates and enjoy life and have no commitment.

5 upvotes · 23 March 2021 · /r/MGTOW2

All I know about FDS is, they are all post wall women who got alpha widowed and now with their ridiculous high standards they think they will get a HVM, while them offering nothing but a used puss which has been degraded by all the "toxic" males they claim.

I've read that FDS handbook and the most funniest part in that book was it said "When looking for a hvm and dating him, don't have sex with him until he's emotionally invested and if you want sex, go have sex with the men who you used to sleep with."

Basically, make the beta buxx wait until a long time, while when having the tingles go back to the alpha. FDS proves MGTOW and TRP right, time and time. Basically cheat to have sex and fulfill you're desired while keeping a beta around. And what's funny is the fds girls think what's between their legs is some unique diamond that is worth so much and they will only give it to the highest bidder. But yet these "men" don't know how many tyrones have ran through that for free. Women are slu*s. It's in their nature, and no matter how "based" you think she is, if she's paired with that environment her slu**y side will come out. And you know what's the part I find intriguing? The Male feminists will defend them no matter what, only to get friendzone and get nothing.

Who cares. MGTOW is a philosophy. Even if they banned all these subs, in every hardcore redpilled Man and MGTOW, it will always live inside of Us. MGTOW is not a movement. It's a philosophy and a very powerful philosophy that no matter how much they "censor" we all know the whole game and will never play it.

Government and women are in need of sims to save these post wall, emotionally broken women, so of course

they will always talk good about marriage and censor these powerful philosophies. But, every man after he experiences female nature will know and realize that MGTOW is the only way for Smart and Wise Men.

Most of these redpillers who just pump and dump and these PUA pickup bs nonsense even they will turn to mgtow. To get any women time, energy and resources are wasted for something that they sell that is so overpriced and not worth it, what's between their legs.

Eventually even the most slightly redpilled Man will turn to mgtow. And always remember, the first rule of fight club is Do NOT talk about fight club.

Will guys ever stop being slaves to pussy?

3 upvotes · 6 May 2021 · /r/askTRP

The problem is society worships pussy. So, automatically you have all the men jumping on the bandwagon and using all those cringe tactics to get a sniff of it, and keep failing every time. And then, they wonder why their "fake nice guy model" is not working. From what I have seen, most men are rather fake and desperate and willing to bend over and sacrifice their own self respect for a piece of pussy. I have worked at a bar before (1 of the most red pilling jobs on earth) and the amount of men who went off the limits to just get a sniff of it. Aha and how the women screwed them over.

And, so many friendships, deals etc, have been broken because of them fighting over women. So, seeing all this what I realized you must be emotionally stoic. Let them come to you and focus on yourself. That's it. And, if she respects and is obedient to you enjoy that little time as we all know they change (for the bad) over time. When that time comes, just walk away and always remember to be calm and stoic and NEVER open up to them, neither catch any feelings. Pussy is something so overvalued that it's not worth it it's literally worshipped in the modern age.

You live and you learn and I'm glad. Knowing all this makes you lose hope in society and in women themselves. But what can you do? This is not the 15th century where you will marry the next door neighbors 18 year old

virgin daughter. Time's have changed and women will always be emotional and follow their selfish instincts. And sadly, today's man hating society keeps letting them, powered by all the simps who constantly worship women and shame us for calling out on their lies.

You are not valuable to women by how many you can get with, your value is outside of all of that.

How Did You Become Financially Stable Then Wealth?

3 upvotes · 31 March 2021 · /r/MGTOW2

Wholesome brother. I can relate with this so much. Main thing from a very young age, I learned to value money no matter what. My first job ever that I had was when I was 13. Always had a saving mindset, and I never bought shi to please people. And mainly, My family lost everything due to a major problem they faced when I was 9, so I had this wake up call very early in life to value time, money and freedom.

My favorite saying regarding this is "gentlemen in the rank and nothing in the bank." A wealthy person doesn't have to prove to anyone he's well off. He only proves to himself. He keeps it lowkey, drives an old civic while having millions in the bank. While a poor person has nothing but buys a cheap Mercedes to "show off" while he doesn't even have enough to pay the gas so he barely drives it. While the millionaire civic guys has everything

paid off and can sleep peacefully at night while the broke Benz guy is in stress on how he will make the next payment.

It all comes back to mindset and self satisfaction. Most people are truly broke bc to "show off" to people and are miserable while the guy who keeps it on the low has inner peace. 1 of my favorite quotes of all time regarding this is Sun Tzu's "Be extremely subtle even to the point of formlessness. Be extremely mysterious even to the point of soundlessness. Thereby you can be the director of the opponent's fate."

I follow this. I'm in school rn, graduating this year, have other licenses and certificates aswell planned out which I will achieve by end of this year, I have no debt and everything that I own my car and what not is all paid off. My credit score is very excellent, and if the economy is decent then by My 30s, I will be very well off. Live frugally, spend less, act broke while you're rich, invest and give back to others. That's what I have learned.

3 upvotes · 24 March 2021 · /r/MGTOW2

or did something really hard? I need some guidance

I memorized the whole Quran by heart. Only less than 1% of the muslims out of almost 2 billion do that. I started at the age of 9 and finished at the age of 11. Was always very mature for My age.

The main advice I will give you is the mind screws with you like crazy. There are 30 chapters in the Quran and I remember when I was in the first chapter I was like, I wish I was the guy in My class who was on the 29th chapter. And plus My parents were soooo strict that I was like why I'm doing all this for? Plus all the strictness from the teachers and all. I was miserable and wanted to quit. It was very tough, and I was only a 10 year old kid and it was truly a struggle. I wished, I had soft parents like the other kids bc they were so easy on em while mine were so hard. But I'm grateful for it now as those kids never finished while bc of my parents harshness, I did. It was worth it in the end.

1 day, I was told by My teacher that, the people who memorize the Quran are the chosen ones by God and many try to memorize the whole holy book, but only a very few finish it fully. And those few are truly the chosen ones. After hearing this, I was motivated like no tomorrow, and I always wanted to be very unique and wanted to be amongst the chosen ones.

And then, day and night I was studying and memorizing the holy book like no tomorrow. I used to sleep at 12pm and then wake up at 5am to study and make it strong. Day and night, I sacrificed My free time and everything exclusively for this. And then the results came, and I never gave up. The school that I went was very elite for this, and I was 1 of the youngest in the whole school to finish memorizing the holy Quran. Most kids used to start at the age of 13 and finish by 17 while by the age of 11 I finished it all! Thanks to God. 75% of My class dropped out. Even today My real full name is on their board on the list of 1 of the youngest to finish in the whole school, and in that year I got 2nd place in the whole school in the annual competition they host every year. And remember, I was just a 11 year old kid that achieved something big which many can't even dream of.

If I had quit, I would have never achieved this. Thanks to God and My teachers inspirational words, it changed my whole outlook and I'm the chosen one because I finished what many can never even dream of.

Never give up, work hard, have that greed and grit and will power and achieve what you have to achieve. In the end, all this hard work and struggle will always be worth it. And ALWAYS be humble when you achieve it, and

Never let it get to you're head. God can take away you're blessings anytime as he is only the true 1 in power. Always be kind, humble and generous and 1 of My favorite saying of all time is "If you want to shine like the Sun, first you have to burn like it." Indeed. Nothing comes easy in this life. You have to sacrifice and work hard and then only you can achieve it.

Facts man. That's why it really is AWALT and they all are the same.

They are feminists deep down, but hypocritical feminists. Like you said, they crave all what I mentioned deep down, but yet want to be feminists.

The thing about women is, mood. Yes. Everything changes on their mood and it changes often as the colors of a chameleon. 1 moment is 1 thing, and they want to "respect" men, then the next day they want to be "feminists" and then the next day they want to get abused by Tyrone. It's all the same man. Idgi. Then 1 day she hates all men, and the next day it's all different.

I bet on sure things. I'm real, and keep it genuine. But, I can never trust a women. They all change. I'm glad you learned your lesson.

You can connect with men on a deeper level and with women who don't see you as a potential sexual partner. But you can't "connect" emotionally, with a women that you want to bang. Because if you do, she'll lose attraction. So, My advice is be very calm and remain stoic whenever talking with any women, and never share your personal stuff or open up with them. The day you do, she'll be gone and drier than the Sahara desert.

And regarding interacting with people, you must be very sure of yourself and talk with people on their level whoever they are and don't gaf what anyone thinks about you. The day you dgaf, that's the day you'll be set free.

Live life on your own terms and do what you gotta do and never gaf what people think about you. This life is too short for that. Live for yourself. That's it.

And now regarding books, My favourites are "The 48 Laws of Power" and Sun Tzu's "The Art of War" these 2 books have all the strategies and skills that you must have to progress In life.

That's why most wise and smart men did not marry in the past. While, they had sex slaves but they never gambled on marriage.

I also think it should be abolished.

It must be! There is literally no benefit for any man to marry in the modern age. What he's getting is an entitled, hypergamous, emotionally broken mess who God knows how many men used what's between her legs.

And guess what? It all takes for her to say "I'm not happy" to ruin your life. The only problem for Me my parents are pushing marriage like no tomorrow and are blue pilld. I'll have to make some random excuses and gtf out of here.

What to do when someone tries to steal your girl?

Be emotionless. If you "protect" her and care too much, unfortunately they lose interest.

Who went to an all boys school?

He told Me once, the guys who talk the most and blabber, are the ones who get outed very easily as in no mafia or gang, anyone want's a snitch. He basically gave Me the psychological blueprint on how to act with everyone, how to gain power and win people over, and how to be a great diplomat. He also told Me, the person who speaks less and observes everyone, wins in the end. Why? Because he's mysterious and people don't know his true self and

while he knows everyone's nature as he's the observer.

And you must never have enemies. Even if you fk someone up, do it to the ppl who are weaker than you. But, always have strong ties with everyone because your enemies can become your friends 1 day, and your friends can become your enemies. Don't share too much with anyone. So, be a great diplomat and NEVER trust anyone except yourself. I personally don't trust anyone.

There is alot more. And I have made many posts about all this all buried underneath My profile.

I went to all boys boarding school and I was 1 of the youngest there. Most of these guys that I went with, were older than Me and former gangsters and thugs in the hood, who were tough asf and changed their old ways to get on the right path. I learnt alot there and I remember, we used to sneak out every night at 3-4 am to go to nearby shops as we weren't allowed to leave the grounds on weekdays. Going to a strict boarding school makes you very tough and highly intelligent/sneaky/cunning and bold.

Being around tough and experienced men, and learning from them makes you tough. I'm glad I went there. Learned so much, that I can't put in words. 1 guy was a big former gangster and he showed Me all his pics in the gang, and seeing his transformation from the hood life to religious life was very impressive. He had all the connections and he could have fked up anyone he wanted to. I remember Me and him used to talk for hours, and that guy indeed had a lot of wisdom that he shared with Me. Too bad he moved to a different country, but I call him sometimes. Very wise guy indeed. Sometimes I have those days were I miss those guys alot. It was all brotherhood and we were like a huge family. Well, life goes on. Those experiences changed My whole outlook on life, and I'm very privileged to have those experiences.

Ungratefulness to the MAX

Oh yeah. Any man must understand, once he marries and signs that contract, she has all the power in the world. She can leave anytime, and still have thousands of men worshipping her. Marriage is a joke nowadays. The laws, government all favour her. Hypergamy doesn't care whatever you did for her. Women don't care about your struggles and hard work.

and if my frame is not 100% solid 100% of the time I'm basically inviting her to try and walk all over me, and, by proxy, my relationship with my son.

Oh big time. All this frame that red pill says is true. But it's not possible in a ltr 24/7. Once you open upto her, she's gone. It's not worth it.

Married red pill must be truly exhausting.

I bet.

Predator. The predator is far too smart and different for society, so he stays in the jungle doing his own thing. His Intellect is far too beyond and great comparing to any humans, and he's a very unique 1. Too bad they don't know that the predator thrives in the shadows and is far too beyond for society.

And because no 1 is so Intellectually capable on His level of thinking, and mindset, he simply has gone His own way, away from society doing his own thing. And not bothering anyone, and if someone were to bother him, they are effed.

Most of Us here are like the predator. We know too much, experienced, know the whole game in and out and realized that's it's all the same and not worth it. While, most normies and clowns, will stay in their delusional, fantasy world. And we? Like the predator have gone Our Own way.

I feel you. When you have all this knowledge, and know the reality of the world, there is nothing to live for. And I'm 110% on that and I think this through every night. Like why I want to live? When everything is going to hell anyway (clown world and society) and plus when you know the true nature of women (AWALT) and when your surrounded by fake people. Seeing this ☹️ world and the way we are headed makes Me want to rope myself. And I'm on the same boat as you. Done alot in life, well traveled and have lots of going on for Me and I work on myself everyday. But still I feel this.

Money never bought me happiness. Idc about money, bc I know I have the work ethic to make it and the true

inner happiness for any man is a good wife. A wife that loves him for him, and will be a good mother. But sadly it's AWALT and they don't exist and it's the same game.

Now my main purpose in life after my religion is making as much Money as possible and changing the lives of others. That's all I live for now. A man can live on any amount a month, bc he's not materialistic like a women. My main goal is doing wonders to the people are In need and helping them out genuinely from the heart and for them to pray for Me. That's it. Otherwise, most men like us would have roped a long time ago, but there is still a lot to live for.

A daily dose of MGTOW wisdom.

Get a IT certificate in something. The courses are like 2-3 months and starting salaries are like 70 80k not bad at all for a 20 year old. I say this bc I will do that. 1 of the 3 things I'm working on now.

Lots of demand in IT and you can work from home especially in this bs covid nonsense and save money and keep investing.

This life, my main goal is 1. And that is to make as much Vitamin M (money) as possible. That's it.

Why would I want to trade any of that for the temporary love and empty promises of a 21st century partner, and then why would I feel anything but relief about not having one.

I needed this. You're right.

and these are the things that stick with you.

No doubt. These things keep me going. I'm not that old. But I did and have achieved many things (religious wise) which only the very chosen ones achieve and now I will achieve in academia and wealth very soon.

Yeah man. There is alot more to live for. Indeed. But it is what it is.

Book smart will give you the general knowledge, while philosophy will give you high IQ and intellect and the power to think things very deeply. But, it's being street smart what matters. Who gets the most chicks? A book smart doctor or the street smart thug? Of course the thug. The fate of that doctor is just to be a beta buxx and the "safe lifelong comfortable income" option for most women.

I find myself feeling like I want to be taken seriously e

Intimidate people that you deem lower than you, while be machiavellian with people who you deem superior than you. Be quiet, yet mysterious and very sharp. And only talk when your spoken to and when you talk, say only the facts. Don't beat around the bush and all that. Say what you have to say. You will garner the respect of everyone.

Remember. The loudest one in the room is the most weakest one in the room, while the quite guy keeps to himself, but he's the most underestimated yet powerful. But he keeps it lowkey.
